## CHICAGO HAILS PIANO PRODIGY AGE 3 YEARS

CHICAGO (Special)—The latest child prodigy to evoke the unstrained raving of critical music lovers is three-year old Margaret Harris whose tiny hands hardly span an octave and whose feet cannot ordinarily touch the piano pedals.

Margaret made her appearance in her first concert last Sunday at the Carey AME Temple, 5347 Michigan ave., her doll, Rozartan, seated in a chair beside her, "so she can hear what I play."

After limbering up for a few seconds with off-hand runs, the child nonchalantly swung into the musical intricacies of Bach's minuet as her audience gasped in amazement. At the last note, the entire audience jumped to its feet, thundering its applause.

Her next number was by a man who had been a prodigy as a boy, the great Mozart. When she had completed excerpts from "The Magic Flute," her piano teacher, Mrs.

## THREE FACING MURDER CHARGE REFUSE TO TALK

A young woman and two young men are being grilled by detectives in connection with the fatal shooting of William Mathews, 32-years old as he and a friend were attempting to cool off in the back yard of his home at 512 Fisk street early Friday morning of last week.

Detectives said the trio so far have refused to make statements or offer convincing alibies, will be charged with first degree murder.

Porter Lawrence, 43 friend of Mathews who lived at the Fisk street address and who was with him at the time of the shooting, identified Grover Watkins, 25, 415 W. 17 street as the man who fired the shot which killed Mathews. Watkins was apprehended by Patrolman John Bailey Saturday as he sauntered along W. 15 street and taken before Lawrence who instantly recognized him as the trigger man involved in the shooting. He is being held on a vagrancy charge under \$5,000 bond.

Police are also holding Nannie Mae White, 25, 429 W. 13 street and Clyde E. Shovan, 22, 418 Anderson street on vagrancy charges in the belief they were with Watkins at the time of the shooting.

Although the trio has been subjected to almost continuous questioning, none has admitted any knowledge of or participation in the affair.

## EX-I. U. GRID STAR JOINS ATTACKS STAFF

Graham Martin, World War II veteran and Ensign in the U. S. Navy who won wide renown as a football player at Indiana University, and the Great Lakes Naval Training Station during the war recently joined the staff of Attacks high school as a teacher and member of the coaching staff.

Mr. Martin was released from the navy in June 1946 and joined the staff of Bluefield State College (W. Va.) as a coach-teacher. At Bluefield his grid team won four games, tied one and lost four for an average of .500.

His basketball team won eight of seventeen games. Last Spring he initiated the "T" formation at Bluefield after having attended Clark Shaugnessy's "football clinic" at Atlantic City. This coaching school was attended by such demonstrators as Sid Luckman, George McAfee, Joe Stydahar, Wayne Milner and others.

Mr. Martin is a graduate of Attacks high school, Indiana University and received his M. A. degree at Howard University, Washington, D. C. Mr. Martin is married and makes Indianapolis his home. He has many friends among sports fans of the city young and old alike and of all races and creeds. He said, "I accepted the job as teacher-assistant coach at Attacks because I desire to work with younger men. If I can inspire boys to develop integrity of character while engaged in athletic pursuits or games, I shall have accomplished my purpose. I hope that Coach Alonzo Watford and I can produce a championship team."

# Depression Heralded by Dollar Shrinkage, Query

WASHINGTON (ANP)—Recent reports on the shrinking value of the American dollar have aroused anew more apprehensions among economists and financiers that the release of price control on essential commodities is carrying the nation toward inflation and another depression. The spiral movement of prices has cut the dollar down to half its value in 1939 and may be a big factor in labor troubles in spite of the Taft-Hartley law.

The simultaneous rise in prices of the essentials of life and the increase in unemployment are aggravating a problem which is always had enough for the average unskilled worker where most colored people are classified. Another factor adding to these problems is the general upward trend in taxes, direct and hidden. In many localities, a recent survey discloses, room rent and the monthly rent for homes are increasing since rent control was discontinued.

Using price conditions for 1935-39 as 100 for the price index, a recent study shows that the price index for the nation runs up to 160.9. That means that on the average the price of many commodities has increased more than 50 percent. By the same token it also means that the dollar has decreased in buying power for those commodities by the same ratio.

## YOUNGSTERS, PARENTS, HAVE GAY TIME AT RECORDER'S KIDS PICNIC

By Edward C. Bailey, Picnic Director

More than 500 kids and 100 parents had the "time of their lives" at the tenth annual Recorder's Newsies picnic last Monday at Birdwell's farm. The spirit of fun and frolic as well as the persons of the picnicers were more or less dampened when a steady drizzle set in early in the afternoon. "Rain, rain, go away, come again some other day. Don't you know this is Newsies picnic day?" became the chant of the crowd as the rain erupted into intermittent showers between the drizzles. Nevertheless the fun and merriment continued. The kids came to have fun and they had it. Thanks to The Indianapolis Recorder and the picnic's co-sponsors.

The youngsters gathered early in front of The Recorder office as the sun peeked through scattered clouds that didn't look too discour-

aging. The mountainous heap of food stuffs and drinks—soda pop, water, lemonade, etc.—were loaded on trucks as ten spacious busses bearing the picnicers began pulling away. Through the courtesy of Inspector Aubrey Jacobs of the traffic division of the police department. Serving as escorts were: Motorcycle Officers Clarence Means, through the courtesy of Inspector Jacobs, and Edward Denny, through the courtesy of Paul V. Brown, head of the city park board; Deputy Sheriffs, Otto Richardson and William McNeill, through the courtesy of Sheriff Albert C. Magenheimer.

Games and contests which kept the youngsters busy and happy were supervised by two competent members of the city recreation division, Miss Elsie Clark and Arthur Taylor, assisted by Miss Gloria Johnson and Scotty Scott of

## 3 CANDIDATES SEEK SCHOOL BOARD POSTS ON PEOPLE'S SLATE

As the Saturday noon deadline approached, workers of the People's School Committee this week staged an intensive drive to put three candidates for the Indianapolis School Board on the November election ballot.

Candidates for whom petitions are being circulated are:

KARL BAKER, vice-chairman, REV. R. T. ANDREWS, pastor of Mt. Zion Baptist Church.

KARL BAKER, vice-chairman of the Marion County CIO Council.

CHARLES S. PRESTON, Recorder staff writer and NAACP board member.

Following a meeting at the Sen-

ate Ave. YMCA on Tuesday, committee members expressed confidence they would succeed in placing the candidates on the ballot, despite delays caused by the recent heat wave and the summer vacation period. Three hundred signatures for each candidate are needed by Saturday noon.

Officers of the committee are: William B. Ransom, chairman; Mrs. Ollie Weeks, secretary, and James Barnett, treasurer. Committee members declare their goal is to secure a School Board which is representative of various groups in the city's population. In particular, they say, Ne-

## YOUNG MOTHER HELD IN JAIL FOR MURDER

By OPAL L. TANDY

Frank R. Beckwith, attorney, filed habeas corpus proceedings in Superior Court Room 1 Wednesday in an effort to have Mrs. Marylou Williams, 22, 1846 North West st., admitted to bail on a first degree murder charge.

The youthful mother was remanded to the Marion County Jail Tuesday morning on the murder charge after enjoying only two days of freedom from the same institution. Mrs. Williams had been held under \$2500 assault and battery with intent bond since a fortnight ago when she fatally shot her estranged husband during a family argument and fight in which her small son was shot in the leg and she was beaten over the head with a pistol. The altercation occurred in Mrs. Williams' mother's home, at the West street address. The husband, Edmund Williams, 27, died at City hospital Saturday of complications resulting from two bullet wounds in the back, deputy coroner, Dr. William Dublin, reported.

Beckwith stated that he had reasonable grounds to seek bail for his client, due to the effort on her part to avoid trouble. A restraining order had been read

## Lockfield Tenants Revamp Campaign Against Eviction

The fight against evictions in Lockfield Gardens continues.

The committee to defend the tenants' homes has been reorganized and named Lockfield Eviction Committee. Jerry Groves is chairman and Robert Pope is vice-chairman.

Several hundred tenants, who recently received eviction notices, are awaiting word from Representative Ludlow and Senators Capehart and Jenner in response to their pleas. Petitions bearing approximately 500 signatures, were sent to the lawmakers, urging that the evictions be halted.

Acting allegedly under pressure from the "real estate lobby," the federal government several months ago ordered that "high income" tenants should be kicked out of Lockfield Gardens. The tenants claim, however, that their "great wealth" still does not put them in a class with Morgan and Rockefeller.

They will be subjected to extreme hardship if forced to rent or buy new quarters during the present housing shortage, the tenants claim.

Some say that the whole business was cooked up by real estate interests, in order to get a few more helpless "suckers" into the market for housing at inflated prices.

The committee meets every Wednesday night at the recreation room, 819 Locke st., and all Lockfield tenants are urged to join.

## CIO Union Seeks FEPC For Federal Workers

CHICAGO (ANP)—A move to re-employment employees was revealed yesterday when President Truman to create a fair employment practice commission for the protection of government workers from the three-day international executive board meeting at the Stevens hotel of the United Public workers of America, CIO.

Disclosure of the plan came from Thomas Richardson, the union's international vice-president and chairman of the UPW Anti-Discrimination committee, who cited a number of discriminatory employment practices against Negro government workers.

Richardson revealed that heads of 13 major federal agencies refuse to hire Negro, related the ousting of 2,000 Negro civil service workers from the bureau of internal revenue by moving that bureau from New York City to Missouri, and declared that employment discrimination has increased since V-J day, particularly in the local Veterans administration.

Stalwart champions of interracial democracy were thrown out of office last week-end as the Indiana State CIO, at its three-day convention at the Claypool Hotel, took a "turn to the right."

Walter Frisbie, state CIO secretary for the past six years, widely-known as a fighter for the rights of Negro workers, was ousted in the action which stunned many observers.

James McEwan of South Bend, president of the state CIO for the same period, also was overthrown. McEwan had personally given militant leadership to anti-Jinacrow crusades.

State Representative James S. Hunter of East Chicago was defeated for vice-president by Mrs. Nelle Riddle of the same city. Hunter had established an outstanding record as a legislator in defending the interests of the Negro people.

The vice-president post had been held during the past year by Pat Riley of Gary, leader in the anti-discrimination fight.

Hapgood "To Go" Powers Hapgood, CIO regional director, also was slated to "get the axe," according to informed sources. Hapgood's post is appointive, not elective. He recently clashed with Chief of Police Howard Sanders when the chief barred "racial social affairs of the CIO."

Those "in the know" said the hard-hitting Hapgood will soon be replaced by a more conservative man.

James Robb, regional director

## NEGRO VETS SHUN LEGION, N. Y. REPORT

NEW YORK (ANP)—The nearly one million colored veterans of World War II are not falling over themselves in joining forces with the reactionary American Legion.

Few have voluntarily joined up with the outfit which in spirit and in letter keeps strictly to the separate post idea and although the Legion is planning big doings for its annual convention in this city next week, the number of colored delegates will be fewer than before, it is reported.

Seven colored posts have signified their intention of coming to New York to participate, but these have taken part in previous conventions as well.

Headquarters for colored Legionnaires in Harlem have been offered by the Jessie Palmer Post, which has its own building up in the Negro section.

# I Enjoyed Mexico

By MADELINE M. ALLEN

(Editor's Note: Mrs. Allen, the principal of Public School No. 40, was one of a group of four public school teachers who spent five weeks this summer visiting Mexico City and other interesting places in Mexico. This is the first of a series.)

Perhaps the most frequent question I have been asked since my return is, "Was it hot in Mexico City?"

My answer is always, "No not in Mexico City." One must remember that Mexico City rivals our "mile-high" Denver when it comes to altitude. So much of our land is moody when it is not messy and miserable.

In Mexican City one is free from concern, even though it is the rainy season. The rains are short and do not mar the day. The warmth of the day melts into delightfully cool evenings, believe it or not, cool enough for a light coat.

Mexico has been described as a land of contrasts. I found it so which makes the change restful. The relative ease with which one can step out of his native surroundings into those which refresh, although different, makes one wonder why more of our people do not avail themselves of the opportunity to enjoy Mexico.

Yes, there are Negroes who live there unhampered by prejudice and closed doors. I met some who have given up their American citizenship, some who are going to school there, and others whose work is seasonal and therefore spend only part of the year there.

To make the visit, one must have a tourist card obtainable from the Mexican consulate and good for six months. The border formalities are simple. Credentials are scanned, tourists cards are signed, luggage is examined and stamped in short time.

Mexico City is equipped to show the visitor any style of entertainment he prefers. There are numerous hotels and hotel apartments both downtown and along the boulevards.

Some English is spoken in most places, so one need not feel lost. However, a knowledge of Spanish is desirable if for no other reason than the fact that one is not labeled a tourist the minute he speaks. As you might suspect, in many places were were convinced that tourist prices and native prices were not the same.

There are many places of historical interest to be seen in Mexico City. In the center of the city is a square called the Plaza de la Constitución, but everyone refers to it as the Zocalo. We nicknamed the Arcade part Maxwell street. In the Zocalo terminate the bus lines and trolley lines. It is the administrative center and is flanked by the National Palace and the City Hall. It also marks the heart of the ancient city of Tenochtitlan, destroyed by the ruthless Cortes after the Spanish conquest. We

actually saw some of the original stones.

The National Palace is used at present by President Aleman as executive headquarters. A feature of the Palace is a mural by Diego Rivera which delineates the history of Mexico and is regarded as many as his masterpiece. A block from Zocalo stands the Cathedral begun in 1530 and said to be second in size only to St. Peter's in Rome. The altars and domes are fairly dripping with gold leaf. Near the Zocalo are modern department stores.

Chapultepec park and Chapultepec Castle were spots of interest. The castle was the "White House" of Mexico when Maximilian and Carlotta were in power. It is now used but is so located that it commands a grand view of the entire city. There are sumptuous furnishings to be seen, chairs upholstered in petit point, walls covered with brocade satin, a tiled bath, gorgeous chandeliers and other breath-taking luxuries.

A short ride from Mexico City takes one to Xochimilco, the word for carnival and romance. It is often called the floating gardens of the "place of the flowers." Both names fit this strange but lovely agricultural Venice. The canal is alive with boats decorated with real flowers and poled by carefree gondoliers. Here we bought or hired corsages for two pesos—about forty cents. Truly it is a setting designed to aid the power to dream dreams.

When one tires of sightseeing Mexico City affords other ways to pass the time, with baseball games the fronton, the bull fight every Sunday at 4 p. m., which starts on time, beautiful theaters showing many pictures spoken in English with Spanish translation, the Opera House, where I saw Mandella, a Negro interpretive dancing, the night clubs, the race track in season and many beautiful eating places, featuring American as well as Mexican food, usually to the accompaniment of delightful music.

I enjoyed Mexico. You will too.

## Alpha Sorority Meet Addressed by Dr. Gene Weltfish

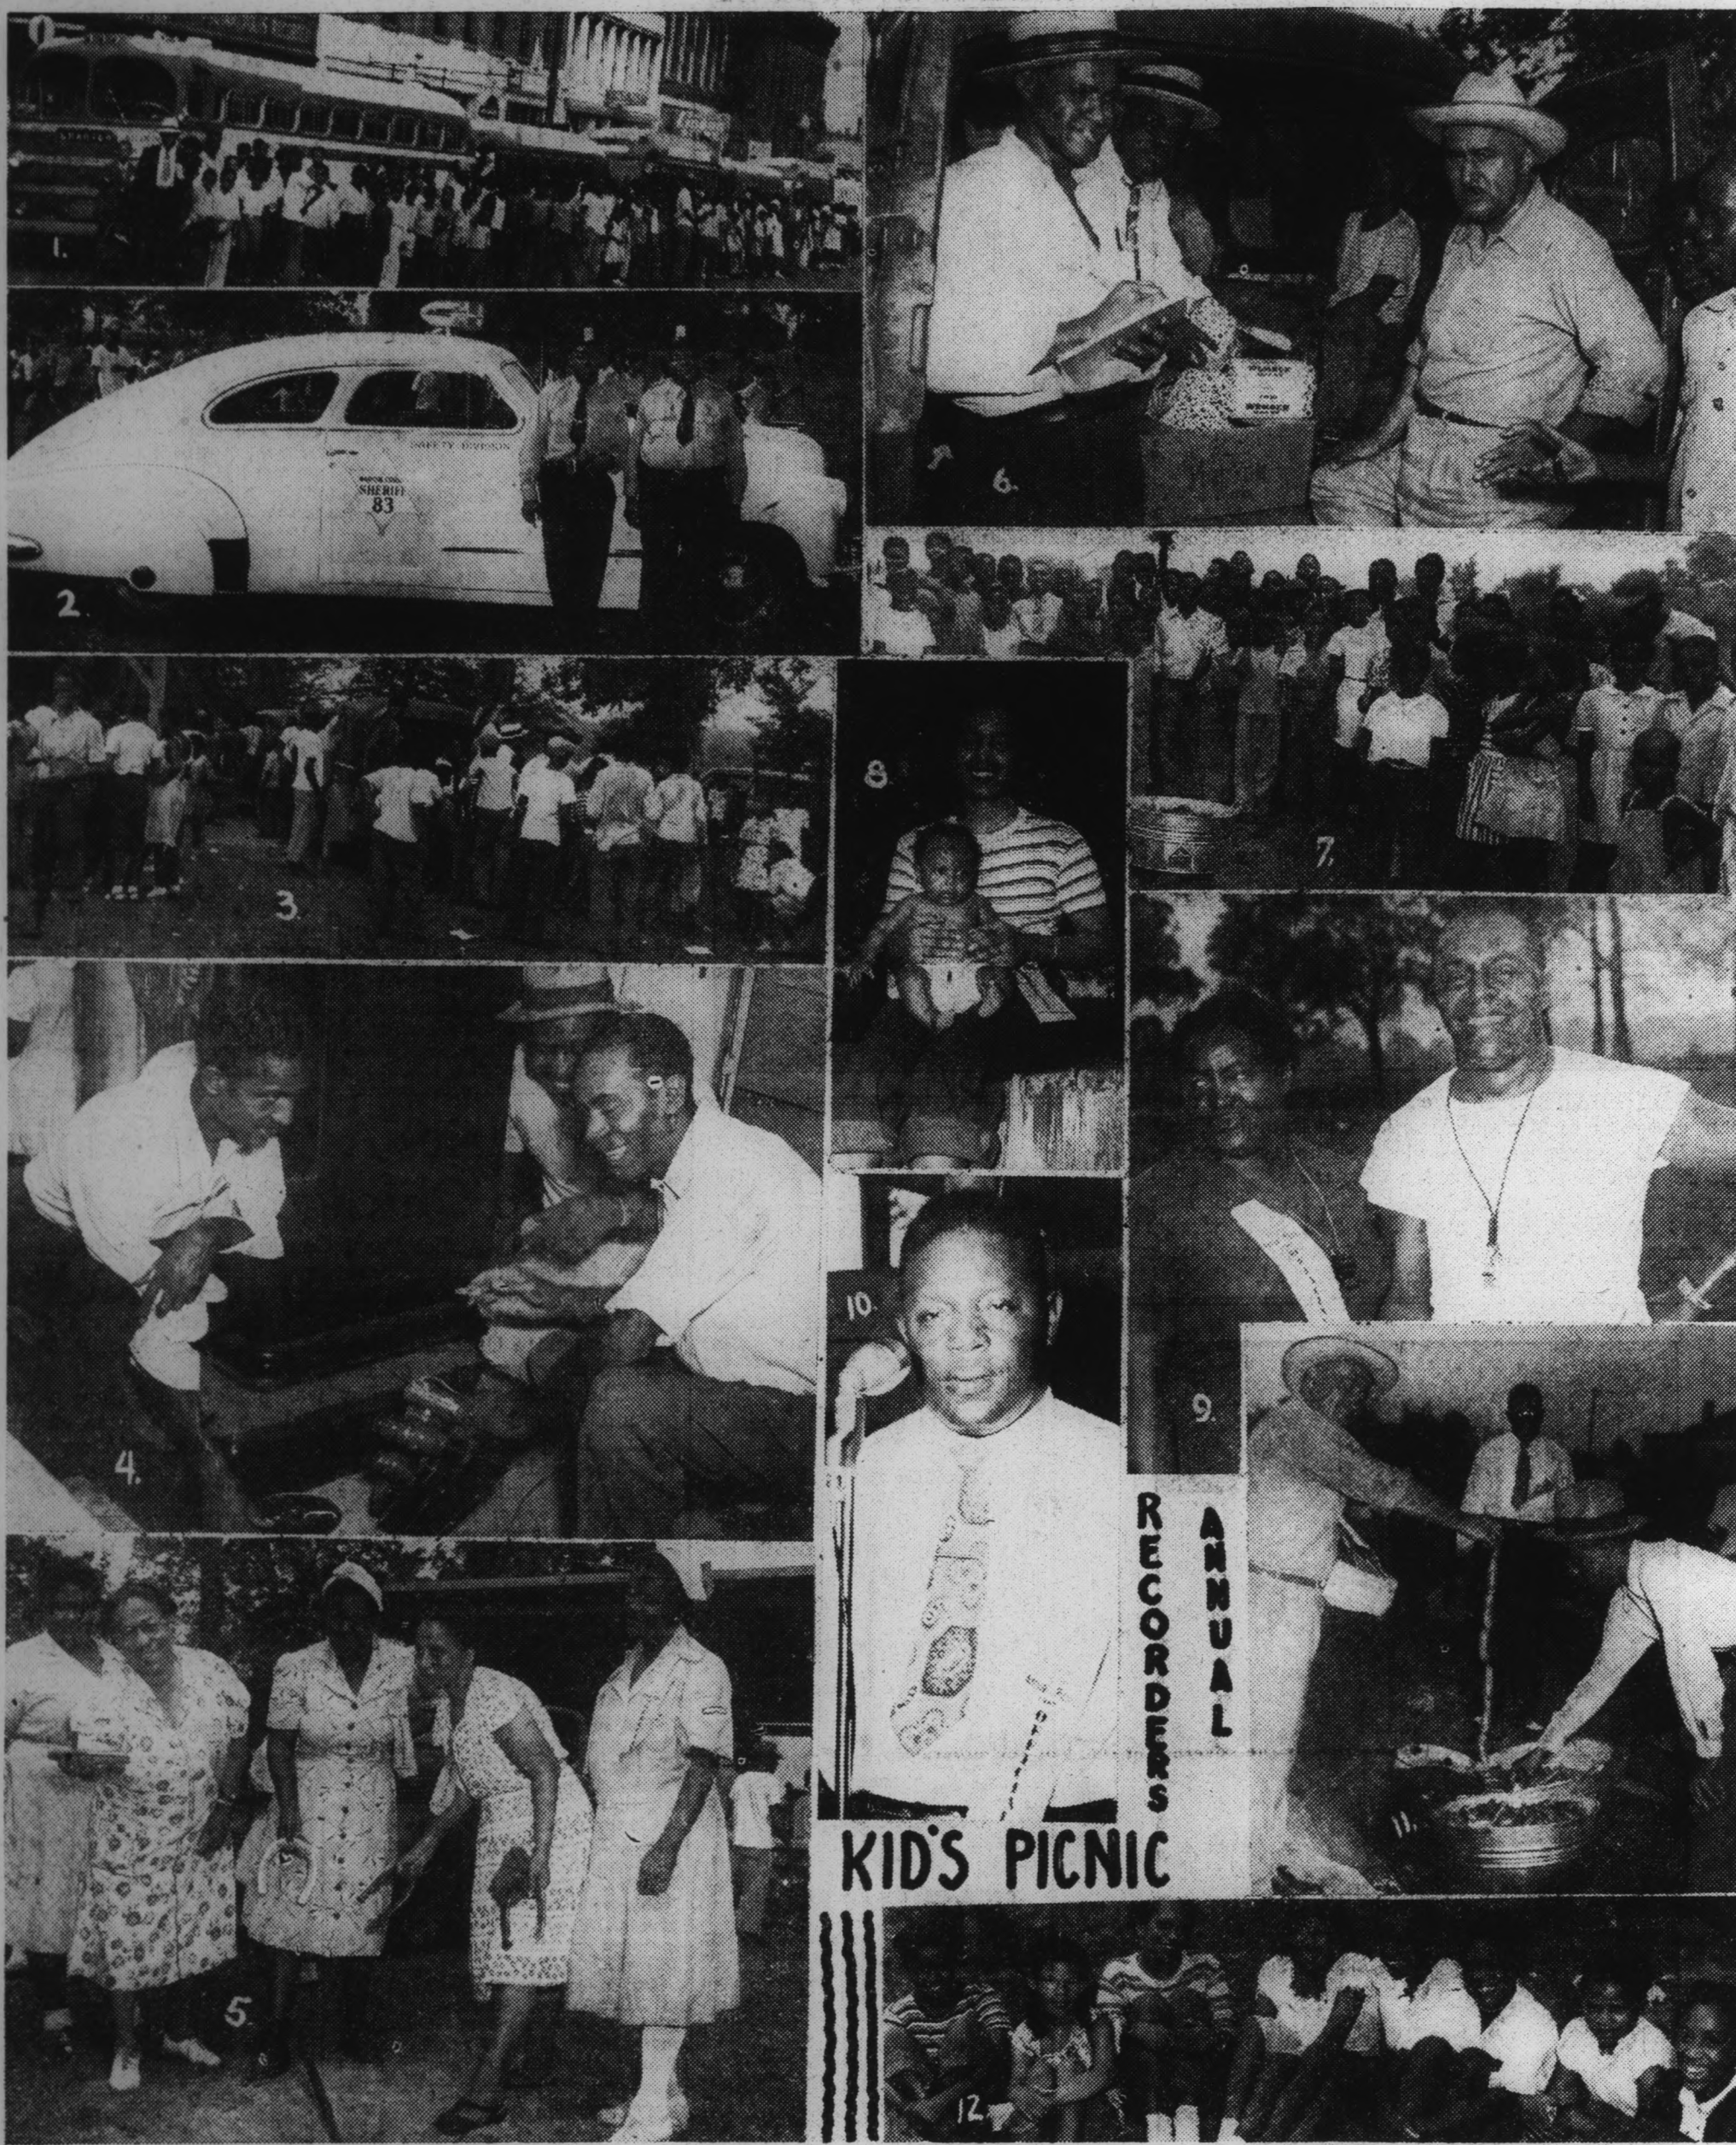

By Ardella Bradley Dixon

CLEVELAND — "There is no answer to the problem of what is going to become of the world today, except that everyone, everywhere must get to work to build peace on as many fronts as possible, and everyone must keep on doing a job," according to Dr. Gene Weltfish at the Alpha Kappa Alpha public meeting Tuesday. Dr. Weltfish addressed a crowd of about one thousand at Cory Church, is head of the Department of Anthropology at Columbia University. His topic, "Building One World Together," was in keeping with the theme of the 27th Annual Route of the sorority meeting in Cleveland, "Building World Peace Together." Fear and irritability if not corrected, will lead inevitably to another world conflict she felt. She saw the unsatisfied basic desires of man as he has a for periodic wars.

### PICNIC

Continued from Page 1

The Recorder staff. Richard C. Henderson, Recorder society editor had a busy day supervising the distribution of soda pop which proved a welcomed treat for the hot day. Assisting him were parents and teen-age carriers who also acted as "officials".

The kids got their big "kick" when lunch time arrived. A group of good-hearted ladies assisted in this important feature. There was plenty of all, which delighted the kids no end.

On hand to help in supervising activities and to enjoy the spectacle of kids having unrestrained fun were: Marcus C. Stewart, Recorder editor; Leland Bailey, advertising manager; Thom Ervin, staff photographer; Sam Lanier, art department; and the Rev. O. D. Banks, pastor of Mt. Carmel Baptist church, who is due sincere thanks for his valuable help and generous cooperation.

The newsies picnic was another of a far-reaching program of valuable public service which The Indianapolis Recorder is promoting in the interest of racial and community advancement. When con-

ditions permit, next year it is hoped, the Recorder will broaden the scope of the picnic to a community-wide basis in which the general public may participate.

THIS WEEK'S column will be barely a "hello" and "good-bye" . . . If there's been any complaint about the amount of news in past weeks, there really will be a big yell about this week's not a . . . For one thing, there's just one entertainment that this writer knows about. While Dr. H. N. MIDDLETON was attending the National Medical Association convention in Los Angeles, his sisters, the Misses OLLIE and CORENE MIDDLETON, entertained their aunt, Mrs. BERTHA RAY, from Philadelphia at a dinner party in their home Friday evening. Other guests present were Mesdames LUCRETIA L. LOVE, WALTER BAILEY, E. P. THOMAS, and PAUL JEWELL.

An interesting item is the announcement of the appointment of Miss LILLIAN C. DAVIS as assistant librarian at Florida A. & M. college in Tallahassee, beginning Sept. 6. Miss Davis received her B. A. degree in English from Fisk university in 1945, and her B. S. in library science from the Atlanta University School of Library Science in 1947. She is the daughter of Mr. and Mrs. WILLIAM A. DAVIS JR.

## Pastor and Wife Honored

DR. AND MRS. MARSHALL A. TALLEY

An appreciation service of unusual note and enthusiasm was rendered Dr. and Mrs. Marshall A. Talley at the Northside New Era Baptist Church, last Sunday afternoon which was one of the big events of the week. Dr. and Mrs. Talley were not only felicitated by members of the church but also by a wide circle of friends from other churches. Among them were numerous singing groups, reading and solo artists and speakers. The Reverend Samuel Russell and Deacon P. D. Thompson were the leading promoters. Three large rays loaded with envelopes of appreciation gifts were presented to the pastor and his wife. The testimonial addresses were delivered by Mrs. Wm. Edwards of the 17th Street Baptist Church, Dr. P. D. Thompson and the Rev. Mr. Russell. Marvellous music was rendered by all participants on the program, the guests of honor were convinced of the high esteem in which both of them are regarded in the community.

Mrs. Talley is not only a devoted wife but an enthusiastic and efficient worker in most areas of the church. She is a B. T. U. worker, a teacher in the Sunday School, a worker in the Missionary Society, in the choir, in the mid-week prayer meeting and often serves at the piano. Outside of her own church, she is an active worker in the Indianapolis Missionary Institute of which she is an officer; a member of the Indianapolis Council of Church Women and an energetic member of the Interracial Committee of that organization.

This well known minister's wife is a graduate of Iowa State College with the B. S. degree in Home Economics. She is an A. K. A. and taught for five years at the Cales Industrial High School of Kansas City, Mo. Here in this city she is a teacher of Canteen and Nutrition in the service of the Red Cross. In her wider areas of service she is a member of the Faculty of the Accredited School of Religious Education of the Women's Department of the National Baptist Convention, U. S. A., Inc., member of the Executive Board of the National Baptist Training School of Nashville, Tenn., Chairman of the Minister's Wives Committee of the Woman's National Baptist Convention and a public speaker of rare ability. The same is no less true of her illustrious husband. For more than 16 years Rev. Talley has had an unusually successful career as a minister in this city and as a Civic Leader. He served from 1937-1939 as a member of the Indiana House of Representatives and later as a member of the State Board of Public Welfare, having received commissions under both Governor Townsend and Governor Schricker. In scholarship, he is a graduate of Johnson C. Smith University, studied at University of Pittsburgh and at Union Theological Seminary. In 1913 he was honored with a Doctorate Degree in Theology from Selma University and in 1940 with the same degree from his Alma Mater. He is an author of several books, from which he received distinction along with Mrs. Eleanor Roosevelt with an honorary membership in the Eugene Fields Society of Authors and Journalists of St. Louis, Mo. Dr. Talley is a member of the Advisory Board of the Revised Standard Version of the Holy Bible. The Testament volume of this revision of the Scripture has recently come from the press. He is a National Director of Religious Education of the National Baptist Convention, U. S. A., Inc., and a member of the Alpha Phi Alpha Fraternity. He now pastors the Northside New Era Baptist Church and is planning to lead this congregation into a modern Sanctuary during the next year. It was a great experience to see the audience enter into the deep significance of the worthfulness to this community of the lives of these two servants.

## Bishop W. J. Walls Speaks for Chicago District AMEZ Meet

GARY—Help the poor — give aid to war victims — strive to gain worldwide peace and harmony. These were the high purposes urged upon church workers last week by Bishop W. J. Walls of Chicago. He addressed the 32nd annual Chicago district conference of the AME Zion church.

Bishop Walls told of impressions received on his recent tour of Europe. He was one of 13 representatives of various churches selected by the U. S. State Department to make the tour.

He saw thousands of wandering children, near starvation and in search of food, the plague related. He declared that the European system of education had been broken down by the war, and must be rebuilt. He also described the many churches in Germany which had been ruined by the war's ravages.

The group of churchmen were conducted on a tour of Hitler's mountain retreat, and Bishop Walls said he learned anew of the truth that "sin destroys."

Others addressing the three-day conference included Bishop John W. Mar of the third episcopal area; Rev. F. C. Van Burin of St. Mark's Church, East Chicago, and Rev. Ira L. Allen of South Bend.

Elder Silas Samuels of Chicago presided. Rev. L. C. Weddington of the local church was official host.

## LIBERIA ENDS CENTENARY ON AUGUST 14

By HENRY B. COLE

MONROVIA (ANP)—A 100-gun salute to the independence of this country sounded the finale on August 14 to Liberia's gala centenary celebration.

The centennial ball, held in four different places, became one of the highlights of the occasion after being postponed to await completion of the executive mansion pavilion. Contractors worked night and day on the structure.

Another interesting highlight of the centenary was a native exhibition under the auspices of the department of interior. The exhibition consisted of handicrafts made in Liberia and was opened by President Tubman. Exhibits were hat boxes made of leopard skins; floor rugs, made of gorilla skins; knives, spears, wood-metal chairs, silver earrings and bracelets, hand bags of leopard skins, native cloths in varied patterns and colors, native spears, swords, slippers in various designs, baskets with covers, shoes, sandals, ivory pieces, mats, etc.

Many of the foreign visitors have expressed a desire to remain in Liberia permanently. The archipelago from the Gold Coast may become a Liberian musical aggregation. Members have notified their countrymen of the intention to settle here and are seeking permission from their government to become naturalized Liberians.

Also one of the West Indies delegates has revealed an intention to become a naturalized Liberian citizen. He has forwarded his request by mail to his government, it was learned last week.

## BAPTIST MEET TO CLARIFY CHARGE OF ALLIANCE BIAS

CHICAGO (ANP)—American Negro Baptists are awaiting the opening of the National Baptist Convention in Kansas City, Mo., on Sept. 7 to hear a report on the charges that white American Baptists attempted to persuade Danish delegate owners to ban Negro delegates to the Baptist World Alliance there.

Contradictory reports have reached the United States from some of the principals involved in the charges. The Rev. Marshall L. Shepard, credited in newspaper accounts with leading the fight against the jimmecrow move, is reported to have wired a friend: "We have had fine treatment. Reports of discrimination are unfounded."

Simultaneously, another mysterious wire was sent by the Rev. H. T. McCary.

"This is a great, free democratic country," he cabled.

Rev. Shepard was reported to have not only denounced white American Baptist clergymen for their act, allegedly writing letters to Danish hotel owners protesting the renting of rooms to Negro American Baptists, but recommended the withdrawal of American Negro Baptists from the Baptist World Alliance.

## Dealer In Choir Robes Does Good Social Relations Job

NEW YORK—Louis L. Lindner and his son top-notch dealers in choir robes for all purposes are doing a bit of social-human relations by enabling both white and Negro patrons to obtain the most expensive materials in their garments at a fee which would be above their means under ordinary circumstances. Mr. Lindner volunteers his time to many of these agencies seeing to it personally that they are properly attired in the right hood, cassock and surplice that the individual or order requires.

In the heart of the downtown New York garment section, the Lindners, Sr., has been in business for over fourteen years and made his early contacts which the schools in the capacity of padlock expert for some 3000 lockers owned or rented by various students. Probably the only man in the United States that makes a business of buying and exchanging robes he carries advertisement in some thirty odd Negro publications in addition to his other news organs. He was extremely proud that he had outfitted the complete choir of Abyssinian Baptist Church Bethlehem Baptist Church in North Street, Newark, New Jersey State College, Alpha and Omega Tabernacle of Bloomfield, N. J., many churches in Washington, Chicago and many of the major colleges all over the country.

He indicated that the trend is away from black robes and that many orders are seeking more colorful materials. A churchman of high order Mr. Lindner stated that every business man in the community can do his bit in some small way to help make the life of human beings some what better. "I believe that my efforts to help many a poor minister, and individuals needing to make a good appearance to do so within their means and limits of budget is a real piece of human relations and from the encouraging letters received from all over the country from patrons I am helping."

We will cheerfully mail free, our picture catalogue with prices to anyone writing to us.

Thank You.  
Truly Yours,

N. J.—I am writing you again as you give me true advice and words of consolation. My old man started quarreling with me lately and I do all I can to satisfy him. He provides well, but he isn't very sociable to my company who has been here a month. Tell me what to do to bring about a change in him?  
Ans.: There're too many folks around—he doesn't have the privacy he usually enjoys and it is upsetting him. Get rid of your guests as soon as you can, and your home life will be happy and normal again.

M. R. M.—I met a nice fellow a few months ago. Here for the last couple of weeks he acts very funny. He makes dates and doesn't show up. Will we be like we were or is this a cool brush off? What should I do?  
Ans.: His indifference can only be taken one way—he's losing interest. Begin dating other fellows as you don't want to give him the consolation of knowing that he has grieved you any for him to change his mind.

S. C. N.—Since I have been here I haven't been very happy. I just worry about the least little thing. Do you think I have any reason to worry like I am doing? Give me some advice.  
Ans.: You are worrying for no reason at all you can combat this habit with activity. Get out more often with friends, go to church regularly and participate in its activities. I would like to have you send for Happier Living Lesson No. 3. THE WAY TO HAPPINESS, price 25 cents. It will help clear your mind of doubt and induce new thoughts.

L. C. B.—I worked for a lady five years ago down in Texas and like her fine. She wants me to come back there to work. I am planning to store my furniture and send my kids to my mother. Will it pay me to make this change?  
Ans.: No—the salary she has offered will not compensate for the expense you will have to assume to make this change. You would have to earn much more than that to support your children, yourself, and pay the storage fee on your furniture every month. Stay with your family—they need you. You're doing nicely where you are.

P. S. C.—I have a girl friend I would like to marry as I love her very much. But I know that she has other guys slipping around her place, yet she denies it, but I can see for myself that she does. Would she stop this foolishness if we were to marry?  
Ans.: Not likely—if she cheats now, marriage won't change her. Better give up the idea of marriage since she does not come up to your expectations.

F. C. F.—I am a girl of 17 and have a boy friend in the army. I have a baby for him. I know that

## SEN. ELLENDER HITS CRITICS OF SEN. BILBO

RAWLINS, Wyo. (NNPA)—Senator Allen J. Ellender, Democrat, of Louisiana, heir to the spot occupied by the late Theodore (The Man) Bilbo as the No. 1 advocate of white supremacy, was bitter in his criticism last Friday of Bilbo's critics.

to Alaska to investigate the pulp wood situation, charged that the turning back of Bilbo at the Senate door last January was purely political. He said it was done at the instance of a "bunch of miserable Negro groups who were very anxious to get rid of him (Bilbo) because of his opposition to anti-poll tax, anti-lynching and other legislation of that character."

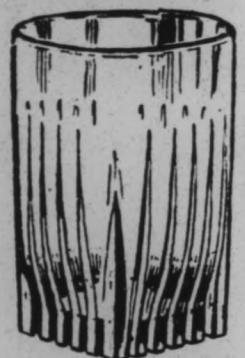

Ellender, who had defended Bilbo's intimidation of colored voters in the 1946 Mississippi Democratic primary campaign, accused some of his Senate colleagues of being "scared of their own shadows in the face of pressure groups."

## THRIFTY HOME OWNERS PREPARING FOR COMING COLDEST OF WINTERS

Thrifty home owners are taking advantage of present bright skies of summer and a fall to prepare for the inevitable dark skies of bleak winter when howling storms and sub-zero freezes demand sufficient heat for 24-hour comfort.

Many people have accepted the prediction of Ruckville's famed weather prophet that just as this summer produced some of the hottest days in recent years, so will the coming winter produce days in which the temperatures fall to new lows, in long drawn-out cold spells.

These thrifty people are insulating their homes with Baldwin-Hill rockwool which has proved beyond all question its ability to retain within more heat and thus reduce fuel bills up to 40 percent. In other words, one may save \$40 out of every \$100 spent for heating fuel, no small item in these days of high and increasing prices.

Rockwool is applied scientifically

and efficiently at only moderate expense and lasts as long as the house lasts.

Following are a few of the thrifty home owners you know who have installed the Baldwin-Hill rockwool through the service of Joan B. Scantland, representative for the Indianapolis district:

Rev. J. B. Carter, 2426 Ethel st.; Dr. Edward P. Thomas, 2638 Burton ave.; L. L. Standard, 1269 W. 26th st.; Julius McGee, 533 N. California st.; Mrs. Hazel Holder, 533 Bright st.; Mrs. Hazel Duncan, 2923 N. Capitol ave.; Leonard H. Floyd, 2942 N. Kenwood ave.; John H. Combs, 2447 Ethel st.; Marcus Arueit, 522 W. 26th st.; Esther E. McSwain, beauty parlor operator, 526 W. 26th st.

Information is given freely and quickly by Mr. Scantland who may be reached at the Spencer hotel by calling Lincoln 7501.

## MILITANT POSTAL WORKERS FORESEE SMEAR AS 'REDS'

CLEVELAND (ANP)—A possibility exists that charges of communism may be used by the militant action of members of the National Alliance of Postal Employees.

Delegates to the annual convention here last week heard George M. Johnson, dean of Howard University's school of law, issue the warning in his keynote address on "The Present Crisis, A Challenge to Negro Federal Workers." Johnson served on the late President Roosevelt's FEPC.

Stressing the need for a strong federal employees organization, he cited the case of Joseph Bryant here, a postal worker who lost his job after 20 years of service. Bryant was found not guilty of the offense, which is being used as an excuse to deprive him of employment.

Johnson said, urging alliance members to "stay with this case until it is adjusted satisfactorily, no matter how long it may take."

Johnson indirectly advised affiliation with a national labor organization as a means of adjusting cases like that of Joseph Bryant, but warned that "the alliance will be exposed of 'communism.' Such charges are to be expected in these hysterical times, by all liberal individuals and organizations who advocate effective action to change the status quo, even though the action advocated is in conformity with established democratic principles," he cautioned.

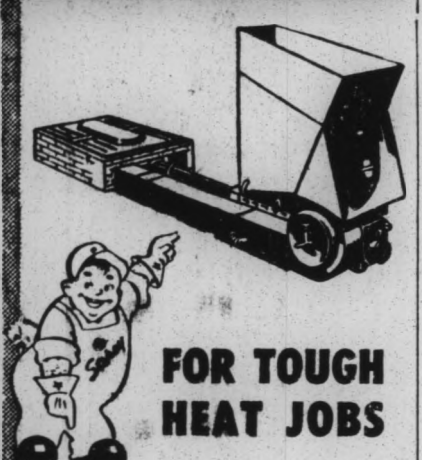

"The present 'loyalty investigation' of federal employees may be abused," Johnson predicted. "There is the possibility that loyal employees will be charged as disloyal in an effort to dislodge them from the legitimate organizational activities. It is to be hoped that no

Mrs. Emma Locke, his widow, is to receive all real estate other than property at 714 Leath street, which Locke willed to his sister, Mrs. Marguerite Banks of Chicago. His estate also included 50 shares of preferred stock in the Memphis Power and Light company, jewelry, a diamond ring, stud and stick pin.

## POLICE NEWS OF THE WEEK

By OPAL L. TANDY

William Kerns, 39, 2406 Northwestern ave., who terrorized an entire household with a .45 calibre army pistol, two weeks ago, was bound to the grand jury on charge of assault and battery with intent to kill Wednesday. His bond was set at \$10,000.

Miss Annette Crumpton, age 25, 2406 Northwestern ave., testified before Judge pro-tem Frank Fairchild, that she wanted her former common-law husband to get the extent of the law for shooting her during a drunken spree in her home. Kerns testified that he was just playing with the gun when it went off accidentally but witnesses said that he fired several times at Miss Crumpton before he hit her.

Judge Fairchild said that he could give Kerns the full extent of the law, a \$500 fine and 90 days unless the detectives of the homicide bureau wanted to carry it to criminal court. Casper Kleigens and Charles Cavender, detectives of the bureau, advised Mrs. Crumpton to go to criminal court with it. "He was trying to kill that woman," they said, "and deserves the full extent of the law."

William Benbow, age 65, theatrical producer and owner of the Stormy Weather restaurant, was charged with assault and battery with intent to kill Wednesday after he allegedly cut William MacAtee, age 25, 617 W. North st., over a restaurant food bill. MacAtee, suffering from a laceration of the neck said that Benbow cut him after he said that he was unable to pay him \$1.35 that he owed him for a time. Benbow said that he cut MacAtee after he kicked him when he asked about his money.

Geraldine Farrell, age 19, 1513 Marindale ave., was slated on a charge of disorderly conduct this week after she attempted suicide by drinking a half-bottle of iodine.

Mrs. Gladys Combs, age 24, 2326 Northwestern ave., stated to police this week that she was attacked and criminally assaulted by five men while sitting on a bench in a park with her boy friend, Edward Matthews.

Julia Newbolt, age 32, 453 West 15th st., and Rebecca Norwood, age 19, 45 West 16th st., were both arrested and charged with disorderly conduct this week after they engaged in a kitchen fight resulting in the Norwood woman being stabbed in the left arm and left side with an ice pick.

Detectives Fae Davis and Robert Reilly, of the homicide bureau, are looking for a man named Norvin Floyars, who shot three men in wild-west fashion this week. Charles Bussle, age 24, 1614 Beebe fountain was shot in the right elbow; Herman Wood, age 25, 1811 Martindale was shot in the left forearm and left hip; and Henry Person, age 33, 1547 Martindale ave., was shot in the right arm. All said that Floyars shot them following an argument in the 1400 block East 16th st.

An out-of-town visitor, Eddie Moses, age 23, is recovering of critical stab wounds in the back inflicted by Allie Rives, age 24, 548 Udell st., when he tried to separate Rives and another man during a fight. The stabbing occurred in a tavern in West Michigan st. Moses identified the man at City hospital. Both men were charged with vagrancy pending Moses' recovery.

William Malacai Pettie, 700 block West Vermont st., was fined \$1 and costs for resisting arrest; \$1 and costs for disorderly conduct and \$25 and costs for drawing deadly weapons by Judge pro-tem Frank Fairchild in Court 4 this week after he engaged in an argument over lighting a cigarette in the 300 block Indiana ave. Deputy Sheriff Patrick Burnett said he heard Pettie arguing with another man and tried to get him to go home but he refused.

Albert Kilcrease, age 34, 1000 block West Walnut st., was fined

## ARMED FORCES UNIFICATION CITED FOR GOOD

WASHINGTON, D. C. (NNPA)—Fair and equitable military policies affecting colored personnel were virtually guaranteed by the appointments of a Secretary of the Army, Secretary of the Navy and Secretary of the Air Force by President Truman today.

The three men, who will head the department comprising the National Military Establishment, at a Secretary of Defense James B. Forrestal, are Kenneth C. Royall, Secretary of the Army; John L. Sullivan, Secretary of the Navy and W. Stuart Symington, Secretary of the Air Force.

Of the three men, Mr. Royall, who has been the Secretary of War since July 24, is the only one who is not considered liberal in his views toward colored people. A North Carolinian and said to be an aspirant for the governorship of his native State, he is not expected to take any action which may be regarded as offensive.

It is believed that he is most likely to pass on to one of his assistants matters involving colored people where a decision may place him in a position regarded as unfriendly by colored people or as too friendly to colored people by white North Carolinians.

There is nothing in the record of the other two appointees which would stamp them as unfriendly in their attitude toward colored people. Mr. Sullivan is a native of New Hampshire and has been Under Secretary of the Navy since June 13, 1946. He is a lawyer by profession and a veteran of World War I, in which he served as a bluejacket in the Navy. He served in the post of Assistant Secretary of the Navy for Air for nearly a year and prior to that held various Government positions between 1939 and 1944.

## R. R. FIREMAN WINS 'ROUND' IN U. S. COURT

RICHMOND, Va. (NNPA)—The Fourth United States Circuit Court of Appeals last Wednesday affirmed a decision of Judge Sterling Hutcherson of the United States District Court for the eastern district of Virginia upholding the seniority rights of colored firemen on the Norfolk Southern railroad.

Judge John J. Parker, of Charlotte, North Carolina, who delivered the opinion, declared that the policies of the Brotherhood of Locomotive Firemen and Enginemen had the "purpose as well as the effect" of depriving colored firemen of their seniority rights.

He said the Brotherhood apparently brought up the factor of "promotability" to explain why it had compelled the Norfolk Southern to remove Tom Tunstall, a colored fireman, from his assignment as locomotive fireman on a passenger run from Norfolk, Virginia, to Marsden, North Carolina, and give that run to a white fireman

## UNITED STATES FIREMAN WINS 'ROUND' IN U. S. COURT

Funeral services for Mrs. Mary Bell Armstrong, age 67, 1117 Roache st., will be held Saturday at the Bethel A.M.E. church conducted by the Rev. John A. Alexander. Burial will be in Crown Hill. She died at the Roache street address the home of her daughter Mrs. Elizabeth Langford.

She was a native of Midway, Kentucky and had lived in the city over 40 years.

Survivors include the daughter; a son, William Jackson; three sisters Mrs. Nora James; Mrs. Sara Jackson and Mrs. Anna Benson, Newcastle; a granddaughter, Mrs. Mae Sue Dabner; a grandson John Russell Owens and other relatives.

who was member of the Brotherhood.

The decision upholds an injunction issued by Judge Hutcherson enjoining the Brotherhood and the Norfolk Southern from recognizing these agreements insofar as they deprived Tunstall and other colored firemen of their assignments, and directing the Norfolk Southern to restore him to his seniority rights and his assignment on the passenger run between Norfolk and Marsden.

By HERBERT CAMERON

Monday, August 25.

Relay races, swimming and diving contests and life-saving demonstrations were featured at the water carnival which was held at the pool of the West Side Community Center, Friday, August 22, at 8 p. m.

Ribbons were presented to the winners of the various events and a series of comedy acts were staged.

The program consisted of the following events and participants: Inner Tube Race, 75 Yards—Leon Rogers, Sam Hocks, Dan Tanner and Howard Sawyer.

Life Saving Techniques—Frank Newsom, Erwin Wright, Ronald Dawson, and Albert Broadnax.

Comedy Dive—James Minnefeld, Richard Cook, Eugene Young, Robert Willis and Arthur Minnefeld.

Hawaiian Dance—Adelle Williams, Betty Thurman and Betty Hyatt.

Relay Race, 18 Yards—Team No. 1, Leon Rogers, Dan Tanner, Benjie Cochran and Robert Willis. Team No. 2, Alvin Woods, Donald Streety, Arthur Minnefeld and Richard Dawson.

The event was climaxed by a flame dive. Those participating in this finale were Erwin Wright, Frank Newsom, Ray Young and Dan Tanner.

Mr. William B. Harper, executive secretary of the Anderson Urban League, 1100 W. 14th st., left Friday morning to attend the Annual Conference of the National Urban League which is being held at Camp Atwater, Mass., August 31 through Sept. 3.

The Anderson Urban League sponsored a free swimming program last Friday for everybody. I thought for a while that I would not get a chance to go swimming this summer—but I did.

On Friday, Sept. 5th, the Anderson Urban League is sponsoring a Back to School Hop at the Center for all teenagers.

Last Friday I congratulated a young man who had just graduated from Florida A. and M. College in Tallahassee, Fla. He had just flown in by airplane and was glad to be back home for a few days. I want to tell you about him because I think he typifies the New Negro. I used to swallow enemy dust right alongside him as we both labored in the rough grinding room of a foundry. He worked for his tuition and I for my family. He worked anywhere he could work and as long as he could. Always it was honest labor. It's strange that out of all the places a man could work here in Anderson, he found, as I and countless others have found to be true, that there are no jobs but the menial and back-breaking "positions" that other people will not accept so long as they can be forced upon a helpless group of people by reason of their economic status. But he had set himself a goal; an objective in life, and he hung like a star from the firmaments and some how he could see invisible steps carrying him higher and nearer to that dream of life. He let nothing interfere with his progress. I am reminded of the song:

"If you wish upon a star,  
It makes no difference who  
you are,  
Dreams of life will all come  
true,  
If only you believe."

And now as a result of those two great virtues named faith, and patience, I salute this very fine young man who is now the Athletic Director and Head Coach at Lincoln High School, Lake Wales, Fla. He is a member of Kappa Alpha Psi. Good luck to you Henry LaMar. Keep up the good work. I hear talk how the people of Anderson are proud of you and the way you fought through the storm. Henry is the son of Mr. and Mrs. Henry LaMar, 1407 Sheridan st. Henry returned to Lake Wales, Fla., last Thursday to assume his new duties at Lincoln High School.

Mr. and Mrs. Arbie Pearson, 1414 Forkner street, have returned from a week's visit in Lexington, Tenn., with Arbie's mother, Mrs. Ida Cathey.

Arbie's brother, Curtis Pearson, and Mrs. Pearson, 2102 Park avenue, are the proud parents of a little girl born last Friday, August 15, at St. John's Hospital. Arbie as he drove out to the hospital with Curtis and brought the mother and laughing home. Both are getting along fine.

Mrs. Mary Patterson and Mrs. Emma Jones, 1812 Hendricks st., left last Tuesday, August 19, for Montgomery, Ala., where they at-

tended the funeral of Mr. Crate Hubbard, father and grandfather, respectively. They returned home this week.

Mrs. Hazel Annette Carter and Miss Sarah Louise Maxwell, 1509 Hendricks street, are visiting friends and relatives in Kentucky. Mrs. Margarite Ward, Marion visited her sister, Mrs. Josephine Carter, 1415 Hendricks street, for a few hours last Friday.

Miss Lucille Newman, 1429 Sherman street, is back home after an enjoyable two weeks' vacation spent with her sister, Virginia Newman, in New York City. Lucille told me how thrilled she was to attend church services in the Abyssinian Baptist Church while there. In case you don't know about this church let me tell you that it has the largest membership of any Protestant church in America. Congressman Adam Clayton Powell is the pastor. Loo said that he is a very capable West Indian, preached and asked for prayers from the congregation. Rev. Powell, who has suffered several severe heart attacks and is not expected to live. I do hope he will pull through. Dr. Powell spoke in Anderson March 18, 1944, and is well thought of here.

Mrs. Opal Elridge's fractured ankle continues to improve at the home of her mother, Mrs. Frankie Adams, 1604 Madison Avenue.

Mrs. Betty Smith, Trenton, Ky., is visiting her daughter, Mrs. Stonewall Tyler, 1227 Sheridan st.

Mrs. Chrest Haloukan, 523 W. 14th street, has been released from St. John's Hospital where she was a medical patient.

Mrs. Charles LaRue and infant daughter, 1816 Sherman street, were removed home from St. John's Hospital last week.

Well, I see where Willie Davis and others on Halford street finally got an okay from the Board of Works for the improvement of Halford street between Twenty-second and Twenty-fifth streets by grading and the construction of curb and gutter under provisions of the Barrett Law. I certainly wish I could get the people on Henry street to sign up for the very identical improvements needed there, too. Every time it rains I get so tired of walking in the mud.

Mr. and Mrs. Thomas F. Holliday, 1020 1/2 W. 15th street, were the parents of an infant son who died shortly after birth at the St. John's Hospital Saturday morning. Tom said the infant lived for about three hours and expired. The hospital staff did everything possible and known to medical science for the next forty-five minutes in efforts to revive this fourth child of the Hollidays, named Simeon Lee.

Gravestone services were conducted last Sunday at 3 o'clock in the afternoon at East Maplewood with Elder A. Barnes of the Christ Temple All Nations Church in charge.

### COURT GRANTS STAY IN S. C. VOTE CONTEST

COLUMBIA, S. C. (ANP)—White South Carolina Democrats gained a stay here last week in their fight to block the recent ruling on Negro voting.

District Judge George Bell Timmerman granted their petition for a temporary stay and superseded pending the appeal from U. S. District Judge J. Waites Waring's July 12 order that Negroes must be allowed to vote in Democratic primaries, now restricted to white persons. Notice of appeal already has been served and the case will be taken to the U. S. circuit court of appeals.

Irvine K. Belser, attorney, representing the white Democratic party, argued that Judge Waring's decision and ruling was "so general in nature" that it was "confusing." The order "applied to all Negroes," he said, and all primaries even though the defendant in the case, George Elmore, a local merchant represented the state Democratic party only in Richland county.

The technicality was challenged by Harold Boulware, a local Negro lawyer representing Elmore. The petition for the stay, he said, declared there would be no primaries in the next year.

"I have been informed that there will be within a year some primary elections," he told Judge Timmerman, "and Negroes would suffer irreparable damage if not permitted to vote."

### VIRGIN ISLES BAR ADMITS GOV. HASTIE

By ADOLPH GERAU

ST. THOMAS, V. I. (ANP)—Gov. Hastie was admitted to practice law in the Virgin Islands in a unique ceremony in the district court here this week. The governor revealed that it is not his intention to engage in the general practice of law while he is governor of the islands but, he said, he feels that occasionally matters of vital concern to the government might come before the court and he would in such cases appear.

His first appearance will be to seek to oust legislators who have legislated themselves to administrative boards and commissions which Hastie holds is unconstitutional and a suit brought by him to test the issue will soon be tried in the district court here.

At the same time, Mr. Hastie, Francisco Cornejo, a native Virgin Islander who has just been appointed United States attorney for the islands by President Truman, was sworn in in his new position. He indicated in his inaugural speech that he would not follow in the footsteps of his predecessors and engage in private practice, which he has the privilege of doing, but would devote all his time to his official duties. This brought laudable comments from press and people here as serious dissatisfaction with the practice has been voiced here.

### S.C. Mob Runs Students Party Away from Town

COLUMBIA, N. C. (NNPA)—The plan of an interracial group of students to spend eight weeks here fighting the ban against racial intermingling ended in the seventh week of the project with the students leaving the community after spending a night in jail in the protective custody of Sheriff Ray Cohoon and Tyrrell County.

Sheriff Cohoon said about 300 white men assembled here last Monday and ordered the group to leave but said there was no violence. He said the local white residents objected to the group living in the home of S. P. Dean, a colored former high school principal, and also objected to the "interracial character" of the group. The group included a colored man, a colored woman, an American born Japanese girl, a white couple, and six white men, all ranging in age from 19 to 26.

At Chapel Hill, North Carolina, the seat of the University of North Carolina, a spokesman for the Fellowship of Southern Churchmen said the group's visit to Columbia was aimed at establishment of a colored cooperative store.

The spokesman said the group had intended to devote eight weeks to the project but left at the end of seven weeks with the project unfinished.

The mob action occurred two weeks ago but the incident was not disclosed by Police Chief J. L. Poston until the night of August 18.

Officers persuaded the mob to commit no acts of violence, but the group packed up and left three hours before the expiration of the twenty-four hour limit set for them to get out of town.

The group was building a headquarters for a cooperative loan agency for colored farmers, of which Mr. Dean is the head.

When he learned that the mob was forming, Police Chief Poston said he talked with Sheriff Cohoon and they hurried to Mr. Dean's home where he found the group laying the foundations for the credit union next to the house.

The mob arrived a few minutes later, but the group, fearing mob violence, scattered to a cornfield.

Will Norcum, sawmill operator and spokesman for the mob, ordered dean to "get the students out of town by Tuesday night at 7 o'clock."

Mr. Poston said the mob started for the cornfield to get the students, but he and the sheriff beat them to the gate leading to the field and persuaded them not to use violence, promising to get Jack Anderson, the leader of the group, and bring him back for a talk.

The mob dispersed, Poston said but several lurked around the field. Later he went to the field, called the students out, and told them there would be trouble if they did not leave town. The students packed and left.

Mrs. Dean, wife of the credit union head, listed the students as: Jack Anderson, 26, Danville, Va., University of North Carolina graduate now teaching chemistry at Talladega college, Talladega, Ala.; Garland Anderson, 25, Anderson's wife.

Earl Page, 22, of Florence, S. C., University of North Carolina student.

Jack Pane, 22, Davidson college student.

Robert Wherritt, 19, of New Orleans, Tulane university student.

L. A. Harper, 22, of New Bern, N. C., University of North Carolina, graduate now enrolled at the Yale divinity school.

Miss Kay Knede, 24, American-born Japanese from Philadelphia, who is a student at the University of North Carolina.

Nathaniel Garth, 22, of Chattanooga, Tenn., student at Paine college, Augusta, Ga.

Evangeline Royall, 21, of Wilson, N. C., student at Barber Scotia college in Concord, N. C.

Mounir Kouri, 26, of Syria, believed to be a student at a college near Asheville, N. C.

### Prison Terms Urged For Chicago Rioters

CHICAGO (ANP)—Indignant citizens of both races are waging a relentless fight here to imprison the lawless whites who participated in the recent rioting against the seven Negro families of the newly constructed south side veterans Fernwood project homes.

A tendency of the courts to deal timidly with the hoodlums, who stoned Negro motorists and fought policemen in an attempt to drive the families of Negro veterans from the project homes, was criticized last week by white and Negro organizations, civic leaders and lawyers.

In city court, Judge Joseph Drucker continued the cases against 118 of the rioters until October, but reassigned the cases of seven adults to another court. Bonds posted by the 118 were returned on order of Judge Drucker, who also continued the cases of 12 more youths on disorderly conduct charges growing out of the riot demonstration. The maximum fine set was \$500.

Police explained that they arrested only the ringleaders of the demonstration. The maximum fine of \$500 and costs in all cases was demanded by Special City Prosecutor Joseph A. Pope.

"The city regards these as unusual cases," Pope told Judge Drucker. "They represent a break struck at law enforcement and the community. They should be given the maximum fine."

Turning to State's Atty. Touhy, seven delegates, representing 35 civic, religious and labor organizations, sought more drastic punishment for the rioters than the city charges of disorderly conduct. They obtained a commitment from Touhy that a complete investigation of alleged organized activity behind the Fernwood flareup would be launched.

Meanwhile Mayor Martin H. Kennelly promised disciplinary action against any policeman who refused to protect Negro citizens from mob violence.

Complainants have been submitted to him, with additional names to be submitted as soon as the complaints are checked for veracity.

Charges that police failed to protect Negroes in the riot zone were substantiated by both Ald. Archibald J. Carey, third ward, and John Jengstacke, Chicago Defender publisher. A number of Negro motorists were injured when hoodlums stoned their cars as they drove through the troubled area.

### ROBESON WILL SING AND TALK ON WEST COAST

LOS ANGELES (ANP)—There will be no gags imposed upon Paul Robeson when the anti-fascist singer appears here in concert at the Shrine Auditorium Friday night Sept. 5. It was announced this week by the Spanish Refugee appeal, sponsor.

The national fund-raising organization, which sends aid to Spanish Republican refugees throughout the world, has guaranteed that Robeson will be allowed full freedom of song and speech for the concert-meeting, being held to raise funds for maintenance and expansion of the Walter B. Cannon Memorial hospital in Toulouse, France.

Robeson, an outspoken enemy against suppression of minority rights, recently was banned completely in Peoria, Ill., and was permitted to sing but not speak in Albany, N. Y. Following the Peoria incident, the Roy B. Tisdall American Legion post, with some 100 Negro members, had its charter revoked for assertedly taking sides in the controversy.

In contrast, fraternal, civic, veteran and social organizations throughout the city met this week at the First Unitarian church and pledged their support in promoting the concert, built around the theme, "Conceived in Liberty." The groups volunteered to sell tickets, contribute funds, conduct telephone and mail campaigns and make announcements at meetings and in bulletins.

### DINING CAR WORKERS BREAK WITH AFL UNION

CHICAGO (ANP)—The rank and file dining car workers have broken from the AFL Hotel, Restaurant Employees and Bartenders International Union, and a three-day conference is slated here at Parkway Community Center from Aug. 25, 26 and 27 to consummate the break and establish an independent dining car workers international union.

Already a national rank and file committee, representing several thousand dining car workers, has been organized in New York City, with Osie Long, Chicago, as national chairman, and Oscar Greene, New York City, as national secretary-treasurer.

The committee's five-point platform proposes "to establish democratic trade union organization within the dining car industry; to set up fighting grievance committees on every road and stop unjust firings, layoffs, rough handling of employees and abuses by company stooges; to improve working conditions, establish a union program and an effective joint dining car council."

A call to the 22,000 dining car workers said:

"The future of our wages and working conditions is at stake. Join with us to protect our jobs. Support us to organize an effective self-governing national joint dining car council, truly fighting for the membership. Make Aug. 25 a historic day for dining car employees."

Rank and file members of the AFL dining car worker locals charge that top officials of the Hotel, Restaurant Employees and Bartenders International have violated repeatedly the principles of democratic trade unionism.

### Record in Education Set in '47, Survey Show

NEW YORK (ANP)—The school year which closed in June marked the highest record in Negro education in America both from the viewpoint of total enrollment or 74,056 the number of graduates included 6,952 with bachelor degrees, 360 with M. A. degrees, and eight with the Ph.D. degree, the crisis record shows.

The Crisis reports 45 graduates with the LL.B. degree, 72 with the DDS degree, three with veterinary medicine; 124, M.D. degree; 18, B. S. library science; 65, M. A. in social science, and 321, B. A. in various fields.

Seven Negro law graduates were reported from the law school of Harvard University, and one each was reported from the law schools of the University of Illinois and Ohio State University. Howard graduated 75 physicians and Me

harry 57.

The total colored enrollment in American colleges and professional schools for 1946-47 was 53,030. Thus the 74,056 enrolled last year represented an increase of 21,065, or more than 39 per cent. This unprecedented increase is credited to the large number of veterans who enrolled under the GI Bill of Rights.

Howard, "the capstone of Negro education," led again with an enrollment of 6,844. She had 4,541 in the college of liberal arts. Housatonic college for Negroes was second with 3,661 on roll, and Tennessee A. and I. State Teachers college was third with 3,245 on roll.

HALIFAX, N. C. (NNPA)—An interracial group of missionaries affiliated with the interracial "Church of the Lord Jesus Christ of the Apostolic Faith" moved out of Halifax County last Thursday in compliance with a ruling by Health Department officials that its camping ground was not sanitary.

The departure of the group, in compliance with orders issued by County Sanitarian E. A. Hastings, marked the second time in as many weeks that an interracial group has been asked to leave a northeastern North Carolina County.

A mixed group of college students was run out of Tyrrell County North Carolina, recently when it was determined that its members were living at the home of a colored man while constructing a building for a credit cooperative.

Denying that the Halifax group was ordered to leave because of its interracial character, Hastings said he had given the group the choice of leaving or meeting sanitary regulations governing camp facilities. The group had camped earlier in the home of a colored man.

Hastings later admitted that there was not a camping site in the county which could comply with regulations governing restroom facilities, adequate fresh water supply and garbage disposal.

Rev. A. N. Durham, a white member of the group, and headquarters of the organization was in New Jersey.

## LABOR DAY IN 1947

The Knights of Labor, pioneers in the movement to better conditions of the workers of our land, held a parade in New York on the first Monday of September in 1882 and the celebration proved so popular it developed into what is now known as Labor Day.

The activities of the Knights of Labor preceded this first celebration of Labor Day by more than two decades of time. Several strong organized labor groups have grown up throughout the nation since those days. These groups have been engaged in promoting and protecting the rights or privileges of workers under laws of the land or agreements with industrial and business management.

Since the day of the first parade by the Knights of Labor many labor laws dictated by motives of humanity have been enacted by the federal government or the governments of the several states. Laws affecting constructively the material and ideal growth of the working people of our land have made the nation great as it is today, it has been said at home and abroad.

Organized labor groups, which have their weak as well as their strong points, have contributed to this course of things. But today on the organized labor front there is gloom and darkness over the horizon obscuring the bright future of the nation's workers, quoting from the labor press.

Thus we find in one instance the labor press says as follows:

"Labor Day, 1947, finds Labor of America with its back to the wall. Labor unions face extinction. The Taft-Hartley Law is only the start. If there is not a tremendous outpouring of people against this, there will be other stronger bills."

"... Labor Day, 1947, can be the last Labor Day of the free Union movement in the U. S. ... It can be and must be the first Labor Day when all labor unites to check once and for all the reactionary drive toward fascism."

Contrarily it appears on Labor Day of 1947 that the general benefits accrued to workers of the land through organized labor must be held. In some practical observations these represent the economic well being and economic progress of our land. And finally turning the clock back poses a major adversity, which may be anticipated or awaited elsewhere in the world.

## SOCIAL JUSTICE ABOVE RACE RELATIONS

A five year program of research, training and education in race relations has been started by the University of Chicago, Chancellor Robert M. Hutchins announced recently. The program will be carried on under a grant from the Carnegie Corporation and the Rockefeller Foundation. The grant amounts to \$150,000.

"The problem of race relations and of minorities in the United States constitute a most critical aspect of American democracy today," Dr. Louis Wirth, professor of sociology at the university and head of the study group, stated.

Dr. Wirth further notes, "if the problems are not thoroughly understood and effectively treated, they will furnish a formidable threat to the social progress of America and will undermine the value of democratic civilization as a force in world affairs."

The facts behind the observation of Dr. Wirth might be expressed in more simple language, and where wise and honest observers hold forth, it is generally agreed that the doctrine of superior races or superior peoples cannot survive in the small world of tomorrow without generating a holocaust. More significant it remains to be proved that "democratic civilization" will survive thereafter.

A program of real and practical education in race relations to allay racial, religious and national prejudices should serve well in stemming the tide of disunity in our land. But the people of these United States of America need fully to rededicate themselves to the spirit and letter of the U. S. Constitution.

There is hope and refuge under the U. S. Constitution for all the people of our land and against all the evils confronting us and yet to come out of the inroads of intolerance. Unless such hope is afforded all people of our land stark omens now indicate that the future of the nation hangs precariously in the balance.

## THEODORE G. BILBO PASSES

Theodore G. Bilbo, publicly confessed member of the Ku Klux Klan, latter day high priest of "white supremacy," and three times elected U. S. Senator from Mississippi, died in a hospital at New Orleans last Thursday.

A Dixie politician of the old school, Bilbo was vitriolic in his attacks on all things he opposed or which did not lend to the success of Bilbo's infamous role in contemporary politics of the state of Mississippi and the legislative branch of the federal government.

Preaching the doctrine of "white supremacy" and intolerance Bilbo managed to maintain a hold on the minds of unfortunate and backward people facing a futile future. He lifted himself in a "negative" kind of fame. He tore down spiritually and morally the futile minded backward people of his home state. The evils he wrought will live after him. "Bilboism" and the doctrine of "white supremacy," evil forces permeating the ugly interior of our Christian culture shall come to an end, if only with the perishing of their material affluence, such as Bilbo.

Under evils which Bilbo has wrought or others of his affluence, the just some times suffer with the unjust but justice or right always triumph in the end. And in another season the reactionary holocaust of which he was the symbol will have been consumed in its own evil doings. And there is hope that all the evils arrayed against the fellowship of men under the tenets of Christianity and the U. S. Constitution will pass away.

## N. C. GOVERNOR ACTS AGAINST MOB SPIRIT

The Governor of North Carolina, R. Gregg Cherry recently resuscitated a 52-year-old anti-lynching law in pushing charges against seven men who attempted to lynch a young war veteran, Godwin "Buddy" Bush.

Bush was charged with attempting to assault a young woman who since the time admitted she was only frightened. Again it has been reported that Bush may not have been the man who she claims frightened her. The point is that he was arrested and placed in jail. The mob stormed the jail and took him for a lynching party. Bush escaped miraculously from the mob.

Seven members of the mob were arrested. They had conspired to take the life of a citizen without due process of law. Since that time he has been vindicated by a court of all guilt of the crime for which he was held. Yet it is no fault of the mob that he was not lynched.

The mob members were dismissed at a preliminary hearing in recent weeks. But upon the demand of Governor Cherry they were rearrested recently to go before court again on September 2. They will be tried, if tried, under a law of 1893 which sets a penalty of 2 to 15 years for the jail breaking charge.

Governor Cherry is to be commended and he should have the support of all good citizens of his state in upholding due processes of law and the right of all citizens to a fair trial when charged with crime.

## Labor Views

By GEORGE F. MCCRAY  
For ANP

## THE SOUTH FIGHTS ORGANIZED NEGRO LABOR

THERE WOULD BE far less opposition to the labor movement in the south if union leaders would stop organizing Negroes to tell white employers what they will and will not work for.

The arrest of a white CIO official in Cuthbert, Ga., last week is a case in point. The CIO state director was appealing to several hundred Negro sawmill workers to join the CIO United Woodworkers of America.

The arrest was based on the technical charge that the official had failed to pay the state of Georgia \$1,500 for a license to tell his fellow citizens about the advantages of collective bargaining. The real purpose of the arrest is to stop Negroes from joining unions. Bpt at the moment there are at least 300,000 Negro union members in AFL and CIO unions in the south today.

But the South has not always used legalistic methods to prevent the organization of Negroes and other workers. White organizers have been beaten and at times tarred and feathered. Negro union mem-

bers and organizers have received some particularly brutal treatment by the police and local groups of white citizens.

Why so much opposition to organizing Negroes? It is not that the Negro worker is a terrible fellow when organized. As a matter of fact he is quite gentle and he hesitates to demand the rights which become his on the basis of the contract. Fact is, Negro workers take a union contract with several tons of salt—even in the north.

Neither do Negro unionists try to stretch their gains to include recognition of their political and social rights. Very rare indeed is the Negro union leader who has sense enough, the ability, or the will to use his highly cherished connections with influential CIO and AFL officials to advance the social and political interests of Negro citizens as such. The failure is not due to the alleged fact that these Negro leaders are too busy advancing themselves. The fault is much deeper.

The average Negro union leader who might have a mind to ask his white union brothers for a little help on political and social questions, would be stopped by the strong feeling that he would get little support from other Negroes and almost none from whites. But Southern opinion fears that the organization of Negroes would, in some way, bring about far-reaching changes will come, actually are changes in the basic pattern of relations in South. These

coming, but the union movement did not start them and will not be the main champion of them. For beyond purely economic matters, the labor movement in the South is most apologetic and conservative, particularly on the question of the rights and the privileges of Negroes.

Recently the spread between northern and southern wages has been disappearing for white workers. The South has a better chance to hang on to its low wage advantage by keeping wages for Negroes below those for whites.

Unfortunately the great majority of white workers in the South want to maintain racial distinctions in political and economic as in social matters. Despite the good educational work the CIO and the AFL have done in the past few years; despite the in creasing realization by white workers that they are in the same economic boat with Negroes, most of them still fear that they lose something when better job opportunities are given to Negroes.

Even when the lesson is driven home by the most energetic efforts of white union organizers, white workers soon forget it. But the fact still remains that low wages for Negro workers means lower, though not quite as low, for white workers. The low wages of Negro lumber workers in the South not only keep wages low for white southern lumber workers; but pulls down wages for lumber workers all over the nation.

such institutions.

Mr. Patterson said racial and religious prejudices were menial world peace. He pointed out that the United Nations Charter calls for universal respect for and observance of human rights and fundamental freedoms without distinction as to race, creed, sex or religion.

"The United States as a signer of this Charter," he said, "should use the authority of the national government to implement this provision and remove racial and religious discrimination from our national life."

He also said the AVC is opposed to restrictions on the right to vote and that the Justice Department should protect the exercise of a citizen's right against "unlawful barriers whether they are open or devious."

## AVC CALL FOR DEMOCRACY IN NATION'S ARMED FORCES

(For the NNPA)

The American Veterans Committee is committed to the practice of democracy in all phases of national life, particularly in the armed forces. Chat Patterson, AVC national chairman, declared last Thursday.

Making it clear that he was speaking for his organization, Mr. Patterson pointed out that his statements were embodied in the AVC platform, adding that he naturally was in accord with the organization's views.

He endorsed the efforts of the War and Navy Departments to eliminate racial discrimination in the services.

"We are dedicated to the policy of integration of Negro troops in the armed services, and we call upon all armed services, including the National Guard, to provide for the complete elimination of segregation from the armed services, and the complete integration of Negroes on all levels in the armed forces."

He was particularly caustic in his criticism of the Veterans' Administration, charging that it is making "insufficient effort" to acquaint colored veterans with their rights under existing legislation, especially in the rural South.

As a step toward rectifying its practices in the South where colored veterans "in numerous areas" are not given opportunity to exercise their rights, Mr. Patterson said the VA should hire colored administrative personnel in its offices proportionate to the colored veteran population in such areas.

He charged that denial of rights because of race, color, creed or political belief of the applicant was corrupting the entire program of readjustment of veterans to civilian life.

Personnel in VA offices, charged with the duty of advising and serving veterans, he said, should be carefully screened in order that only those persons who are without religious or racial prejudice would

be in position to determine whether any individual is qualified for a loan or unemployment benefits. Mr. Patterson said the AVC favors the enactment of legislation which would prohibit the VA from approving any educational program or paying tuition of veterans to any educational or training institution, representing itself as non-sectarian, which pursues a policy of discrimination based upon race, color, creed, national origin or political affiliation.

AVC also favors withholding all public funds from, and the elimination of all tax exemptions for,

SHOULD RACE relations advisory jobs in Government agencies be abolished?

The answer is an emphatic yes. There are a number of reasons why such jobs should be abolished, but the chief one seems to be that such jobs are inconsistent with the aims of colored people themselves to be treated as first class citizens and not as wards of the Government.

As long as colored people deem it necessary to have guardians in Government posts so long will they be denied the enjoyment of equal privileges of citizenship.

Rather than strive for places as race relations advisers in Federal agencies, it appears that the goal should be extension of the protection of the laws of the land to all citizens without distinction on account of race, color, religion or national origin, and the elimination of discriminatory policies and practices in the administration of the law.

If the law were fairly and equitably administered, without regard to race, color, religion or national origin, most of the ills from which colored people suffer in this country would disappear.

But the presence of race relations advisers in Federal agencies is doing little, if anything, toward ameliorating conditions.

Moreover, there is nothing that any race relations advisor is doing that could not be done more effectively by the appointment of colored persons, on the basis of merit, to key positions in Federal agencies, carrying on the functions and duties of their positions but not specializing on the problems of any minority group.

In actual practice, race relations advisers perform very little, if any useful service, to the agency in which they are employed or to the people whose special interests they are supposed to serve.

Their positions are not statutory and they have no authority. They may advise only on such matters as may be referred to them. Their advice is merely recommendatory and may be accepted or rejected as it may please the official whom they are supposed to advise.

Race relations advisers came into popularity during the early days of the New Deal Administration. As far as can be recalled, Secretary of the Interior Harold Ickes appointed the first one. He was Clark Foreman, now president of the Southern Conference on Human Welfare. Bob Weaver succeeded him. Since then there has been a host of race relations advisers.

Outside of William H. Hastie, who is now the governor of the Virgin Islands, none of these race relations advisers has made an outstanding record. The position of civilian aide to the Secretary of War was created by former Secretary of War Henry L. Stimson and Hastie appointed to that post.

At the time the War Department had peculiar problems. Only one agency, the Navy, had policies more discriminatory. The country was just beginning a national defense program. By order of Mr. Stimson, all matters of policy affecting colored military and civilian personnel, and all important questions arising thereunder, were to be referred to Mr. Hastie for his concurrence or recommendation. Upon Hastie's resignation the same order was put into effect respecting his successor, Truman K. Gibson Jr.

Despite the order of the Secretary of War, Hastie found himself bypassed on all important matters in the Army Air Forces simply because he had opposed the construction of the Tuskegee Army Air Field for the separate training of colored pilots, and he found it necessary to quit in protest.

There is not a single race relations adviser, except James C. Evans, who is now the civilian aide to the Secretary of War, who can point to any similar order issued by the head of his agency to subordinate chiefs.

Weaver, quite an able person, did all right as long as he was in the United States Housing Authority and that agency was under the administration of the Old Carmichael. But look what happened to him when he transferred to the War Manpower Commission and was made the chief of the minority groups sections in the United States Employment Service. He was gradually shorn of his authority until he quit in disgust.

It appears that race relations advisers have served their purpose and now is the time to press for appointment of colored men to key positions in Government on the basis that the right to hold office is a concomitant of citizenship.

NERO FIDDED - WE SLEEP N.A.A.C.P. OUR BAROMETER A SOIT (UP) soporific air hovers above Indianapolis and spreading a peaceful sleepiness over the inhabitants both White and Black it gives to the uninformed outsider the idea that the "Nap" in "Naptown" is derived from the somnolence of the citizenry.

An idea of the mental drowsiness of Negro Indianapolis is made apparent when one realizes that though few if any cities in the North possess more inequities based on color, no city in the country with a large Negro population, North or South has so small a branch of the N.A.A.C.P. as Indianapolis.

Since all Negroes know of the work of the N.A.A.C.P. in fighting for racial justice, it must follow that those hereabout feel that there is nothing here about which to fight.

On many occasions the few local dues paying members of the National Association have attempted to enlist the aid of the National organization in local problems but the officials replied that there was insufficient local interest in these things and that they were writing Indianapolis off as a loss.

This is particularly alarming when one realizes the many undemocratic facets of life in the Hoosier capital and the inadequacy of means to combat them.

With only seven hundred members out of a Negro population of over fifty thousand we are in no position to wage war; any one of a score or more of pressing evils in our midst.

A number of members of the local branch object that there have been difficulties in

the management of the Indianapolis unit and others plead that no one has asked for their memberships. To the first group, the observation must be made there have been difficulties in even the best-regulated families and in churches and in the government but no one suggests that we abandon our families, desert our churches or destroy our government because of these difficulties.

To the second group it should be made plain that it only costs a dollar to join the N.A.A.C.P. and that the bulk of this money goes to the National headquarters leaving precious little here with which to conduct an extensive campaign. If they are sufficiently interested they either mail in their dollar to one of the local officers in care of the Recorder or the Y.M.C.A. or give it in person to one of these officials.

It is becoming embarrassing to Indianapolis to trail behind many of five thousands or less in the deep South and not to compare in members with Detroit and St. Louis where membership in the Association runs into tens of thousands.

And it is disheartening to the few who are insistent upon the rights vouchsafed to all citizens by our Constitution—it is disheartening to them to see such gross indifference among their fellow sufferers.

Inasmuch as the National Association for the Advancement of Colored People is not an exclusive club, not a group to which one must be elected, there is nothing to prevent any liberty-loving person without regard to creed or color from becoming an active member.

And until Negroes of Indianapolis indicate by a greatly increased membership in the Association that they have had enough, no appreciable change will occur in their status in color-caste ridden Indianapolis.

Dear Sir:

May I, have my say in regards to this lottery argument?

I am not in favor of gambling, but why just pick on those places offering "pool tickets"? No person draws a gun on you to make you go in one of these places. Who ever thinks of legal crooks who take your money, by the pen and pencil method? If the average person gets his hand on money he will spend it as necessity prompts him to spend it. That is what keeps our city on the map.

If the curtain should fall in the homes of some of our officials and the cellar doors were thrown open, you would not have to go to a theater for a laugh. Where do you find the wife of "Mr. Charlie," I'll tell you, playing poker, bridge or what have you? While her mate is down town running down the bookie list.

Dear Sir:

Peace I thank Father Divine. I am a reader of The Indianapolis Recorder and I would like to take note of an article appearing in the Recorder, issue of August 9.

I would like to know the name and address of the person, not to argue or dispute, but I am sure I can help them.

I am a follower of Father Divine and I am the agent for a weekly paper carrying the truth about Father Divine's work and mission among us. Humanity all that will accept the truth, Father's is life. Father teaches that all should have a plenty. The message in The Recorder, August 9, page 12 heading "Dawn Patrol," I would like to know what "Dawn Patrol" means.

Peace brother or sister, whoever you are, time is out for anybody to try to stop righteousness and justice. God is here and it cannot be done. Space will not allow me to say all I would like to say.

I would like to give you a new day. Father is here to bless you, if you accept him. I declare he is the way, the only way. There is no other way, every way has been tried, all are sinking sand. Father does not take anything from any one. No one should speak untruthfully, we should not think untruthful.

Father is life read your Bible and you can see God is here. I thank Father for the preachers to preach, the wages of sin is death, but the gift of God is eternal life. God is here teaching as he did in the Sonship degree. God will supply all our needs, if we live the life, free from graft, greed, hate, selfishness, and divisions of color and creeds.

## S. C. DEMOCRATS CONTINUE VOTE BAN FIGHT

COLUMBIA, S. C. (ANP)—An attempt to keep Negroes from voting in their primaries was made here this week by South Carolina Democrats. A temporary restraint on a federal court order which opened their primaries to Negroes was sought.

Democratic party attorneys asked that the order be enjoined until an appeal from it is heard and decided by the fourth circuit court of appeals.

The party might be required to post a bond in the event if any Negroes suffer damages as a result of the restraint should the appeal decision go against the party.

George Elmore, Columbia, complained that he was denied an effective vote for a congressman in 1946 by being denied a vote in the primaries, which are open to whites only. A question was raised as to whether bond would be sought for possible damage to Elmore only, or possible damage to all voting age Negroes in the state.

## RHODES MAKES NEW RECORD IN JOE LOUIS GOLF TOURNEY

By RUSS J. COWANS

DETROIT — Theodore Rhodes, 33-year-old Nashville pro, not only retained his championship, but set a new tournament record today for the Joe Louis Invitational as he fired a 280 for the 72 holes over the Rackham Course, 10 strokes below his mark of 290 which he made in 1946, and eight strokes under par.

The capture of the \$1,000 top prize in the three-day \$2,500 tournament was the sixth consecutive tourney won by the affable Teddy Rhodes, for the Joe Louis Invitational as he fired a 280 for the 72 holes over the Rackham Course, 10 strokes below his mark of 290 which he made in 1946, and eight strokes under par.

Not only did Rhodes take down top prizes in these tourneys, but he fired sub-par golf in most of them. He was five under par in the Pittsburgh tourney, even par in Dayton, and one under in Cleveland, in addition to establishing a new record of 66 for the Seneca Park course.

Although he fired a two under par Tuesday as the tourney opened, Rhodes had to be content with second place as Solomon Hughes, Minneapolis, 1945 winner of the Louis Invitational, coupled nines of 36 and 32 for a sparkling 68 to take the lead.

Charles Sifford, 23-year-old Philadelphia grabbed the lead Wednesday as he sprinkled five birdies over the 18 holes, collecting three on the first nine and two on the back nine for a 68, giving him 138 for the two days of play.

Hughes added a 70 for 140, while Howard Wheeler, Philadelphia national open champion, was third with 142. Three players were tied at 143 for fourth place. They were Rhodes, Homer Harvey Jr., Chicago, and Bill Spiller, Los Angeles, 1946 amateur champion.

Sifford soared to 75 on the first 18 holes of the final Thursday and lost the lead to Hughes, who fired a 69. Rhodes shot a four under par 68 to tie Sifford for second place, with Bill Spiller a stroke

back on his 69. Wheeler was fourth with 214, and LeRoy Smith, Norfolk, Va., was fifth with 215. Spiller tied Rhodes for the lead at the end of 54 holes by touring the first nine in 33, notwithstanding the fact that he double bogeyed the par five seventh hole. Rhodes had a 33 as he collected two birdies, one bogey and pars on the remaining six holes.

Starting the final nine, Rhodes had a birdie on the 465-yard tenth while Spiller was even par. The Los Angeles pro could not make up this deficit, and then blew himself out of the championship by getting bogeys on the sixteenth and seventeenth, finishing with 71.

Rhodes clinched the crown when he sunk a 15-foot putt on the eighteenth after a beautiful chip shot 10 feet from the green.

In addition to the \$1,000, Rhodes gets his second leg on the Hotel Gotham trophy.

Eural Clark, Los Angeles, defeated Dr. Remus Robinson, Detroit, 2 and 1 on the seveneenth green to win the amateur crown. Clark had defeated Fleming Cody, St. Louis, 8 and 7 to gain the finals, while Dr. Robinson won from Bill Davis, Detroit, 4 and 2 in the semifinal. Clark was one over par for the distance.

The Louis tournament was the first major tourney Clark had competed in. He is a former caddy for some of the exclusive clubs in Birmingham, Ala., where he was born 23 years ago.

Five of the pros finished the 72 holes under par, while eight bettered the mark of 290 made by Rhodes in 1946.

Here's how the first 11 of the 91 pros finished: Rhodes, 280; Spiller, 283; Hughes, 283; Howard Wheeler, 286; Willie Mosley, Detroit, 286; LeRoy Smith, Norfolk, Va., 289; Charles Sifford, Philadelphia, 289; Preston Knowles, New York, 291; Sherry Weiler, Detroit, 291; John Beck Rice, Detroit, 291; Joe Roach, Coconut Grove, Fla., 291.

Jimmy Clark, Clearwater, Fla., fired the low score of the tournament when he blasted a 66, 33 out and 33 in to couple with his earlier scores of 74-65-71 for 292.

## TOP TEAMS, NNL, NAL PLAY IN NEW YORK SUN.

NEW YORK (ANP)—In what may be a preview of the world series, the two nines currently leading the Negro American and National leagues oppose each other here at the Polo grounds Sunday.

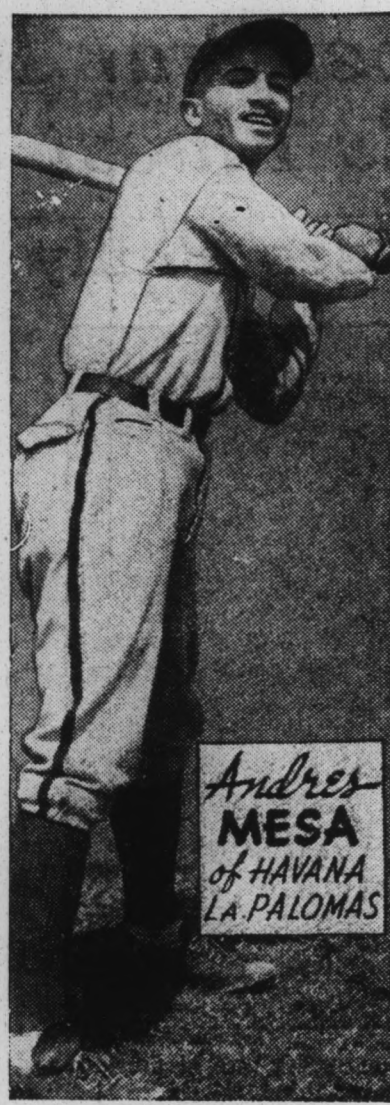

The New York Cubans, leaders of the NNL, will be playing host to the Cleveland Buckeyes, the lads who seem to have the American league pennant sewed up. After the exhibition opener, the Cubans, who are in a close tussle with the Newark Eagles for first place honors in the eastern loop, take on the Black Yankees in an NNL afterpiece.

A strong aggregation, the Clevelanders appear to be well on the road to the flag—a trick they turned back in '45, when they also gathered in the world championship by walloping the Homestead Grays in four straight games. Loaded with stellar stickmen like Sammy Jethroe, Archie Ware and Quincy Troupe, and clicking behind pitching aces Vibert Clarke, Alonzo Boone and Chet Brewer, the Buckeyes sport a sizeable bulge over the champion Kansas City Monarchs.

Only a few weeks ago, the Cubans enjoyed a 2½ game lead over the world champion Newark Eagles, and seemed on their way, but fast. But their margin shriveled to a thin game a week later when the Newark snapped out of a losing slump as the Cubans dropped two in a row.

Their Sunday opponents, the Black Yankees, occupy the cellar of the league through a singular fault of not being able to win ball games. But when they come up against their metropolitan cousins, they play like inspired demons. The Yankees won only six games in the first half, and three of their victories were over the Cubans.

Jimmy Clark, Clearwater, Fla., fired the low score of the tournament when he blasted a 66, 33 out and 33 in to couple with his earlier scores of 74-65-71 for 292.

## SPOTLIGHT... In The Majors

By the NNPA News Service

Did Enos Slaughter, St. Louis Cardinal left fielder, deliberately spike Jackie Robinson, Brooklyn Dodger first baseman, in the eleventh inning of the twelve-inning game August 20, which the Cardinals won, 3-2?

Did the St. Louis Browns release Henry Thompson and Willard J. Brown because they failed to come up to major league standards while they were with the Browns or because of community attitudes in St. Louis, a border city?

Slaughter, running out a grounder, stepped on Robinson's right foot as Jackie completed a play. After some attention by the Dodger trainer, Jackie forgot his wound and stayed in the game.

After the game, the Dodgers were especially wrought up over the incident. The most outspoken was Ed Stanky, Dodger second baseman. He charged that Slaughter intentionally spiked Robinson.

"I always had the highest regard for Slaughter," said Stanky. "He is one of the keenest competitors I have ever known and I admired him for it. I've lost all my respect for him."

Robinson had little to say. "All I know is that I had my foot on the inside of the bat," he said. "I gave Slaughter plenty of room."

Eddie Dyer, Cardinal manager, was perturbed over the incident.

"Listen," he said, "I've particularly told my boys to be very careful when playing this club, so there will be no chance of an incident. Not once this year has Robinson even had to duck a ball thrown by one of my pitchers."

"So you may be dead certain it was an accident when Enos spiked him. Enos runs mighty hard, with his head down. He didn't see Robinson's foot."

Slaughter nodded affirmation of Dyer's words. "I've never deliberately spiked anyone in my life. Anybody who does doesn't belong in baseball. It was an accident, pure and simple."

The signing of Thompson and Brown by the St. Louis Browns was a one-day sensation. Opinion in St. Louis was reported about evenly divided. A prominent Baptist minister devoted a good part of his sermon to July 20 to extolling the Browns for opening their ranks to colored players.

Put Missouri in a border state, and many of its inhabitants are descendants of slave owners who fought for this Confederacy in the Civil War. They retain old prejudices, and have been quite critical of the Browns' acquisition of the two players from the Kansas City Monarchs.

Some critics have contended that the Browns should have made Thompson and Brown prove their ability in Class AA ball, as did

Jackie Robinson in Montreal.

Attendance at Sportsman Park also failed to pick up after Thompson and Brown were signed. Only 1,163 fans paid admissions to see the Philadelphia Athletics blank the Browns, 7-0, last Saturday.

At bat five times in the 12-inning game which the Dodgers lost to the Cardinals, 3-2, Jackie was credited with two hits, including a double and a sacrifice. He also batted in one run. Afield he made thirteen putouts and one assist without an error.

Jackie led off in the twelfth with a single and reached second on Pete Reiser's sacrifice. Dyer took Howie Pollett out of the box and sent George Munger in. The latter promptly picked Robinson off second.

In the third game of the crucial series August 19, Jackie got three hits in five trips to the plate, but Brooklyn lost, 11-3.

His first hit came in the first inning. It was a single to center, and he scored after Reiser beat out a high grounder, and with two out, Bruce Edwards singled to left center. He also was credited with batting in a run. Afield he made eleven putouts and one assist.

Robinson started the Dodger scoring against the Cardinals with his ninth home run in the first inning of the afternoon game at Ebbets Field August 18. It was unopposed ten runs up in the lower left field stand.

The Dodgers won both games—the afternoon tilt, 7-5, and the night game, 12-3.

At bat three times in the afternoon game, Robinson's homer was his only hit. He scored two runs and was credited with batting in a run.

In the night game he was offically at bat twice, got one hit, a double, and was credited with a sacrifice. He scored one run.

Jackie went hitless in five times at bat against the Cincinnati Reds at Ebbets Field August 22, but the Dodgers won in twelve innings, 6-5, to extend their lead over the Cardinals to six games.

A triple off Ed Ewart, a right-hander, who succeeded Ewell Blackwell, the Red's pitching ace, was Jackie's chief contribution to the Dodgers' 8-1 victory over the Reds August 21. The triple was Jackie's only hit in four times at bat.

In the Dodger 4-run uprising in the fifth, Robinson was safe when his hard hit grounder was booted. He promptly stole second and raced to third on a bad throw by Hugh Poland, the Red's catcher.

An error by Jackie enabled Cincinnati to get its only run. Augie Galan, Cincinnati left fielder, reached first on an error, went to third on a single, and scored on an outfield fly.

Jackie had a perfect day at bat against the Reds August 23, getting three hits in three times at bat. In a five-run assault on Johnny Vander Meer in the first inning, Jackie singled and promptly stole second, his twenty-second theft of the season. He scored on Reiser's single to center.

Local baseball fans will be treated to a big week-end holiday baseball treat at Victory Field Saturday night, August 30, when the Indianapolis Clowns return to face the Chicago American Giants.

Sunday night, September 1, the Harlem Globetrotters, formerly the Seattle Steelheads, will meet the Havana La Palomas in a double-header.

Goose Tatum and the Clowns will be seeking revenge over the American Giants for two defeats their pitching ace, Gentry Jessup, handed them here in July, although the Clowns are ahead of the Chicago team in games played between them this season.

Adding interest to this game is the fact that it matches two contenders for the league's individual batting championship in John Ritchey of the American Giants and the Clowns' Sam Hariston. Ritchey is currently setting the pace. An odd coincidence is the fact that each of these players perform at both third base and catching.

The Sunday night double bill and fireworks show looms as one of the best of the season. The Globetrotters will come here with their popular and hustling array of such stars as Paul Hardy, Sam Wheeler, Zell Miles, Howard Gay, Herb Simpson, Ulysses Redd, Jesse Williams (the former Kansas City Monarchs' star), Othello Strong, Sherwood Brewer, Eugene Hardin, Louis Hutchinson, Johnny Cogdell, Lefty Means, Joe Brooks and Rogers Pierre. Fans loved them as the Seattle Steelheads last year; they're even more sensational now as the famed Harlem Globetrotters.

At bat four times August 24 in the game which the Dodgers won from the Pittsburgh Pirates, Jackie got one hit, a triple. Afield he made ten putouts and one assist. Thompson got one hit in three times against the Philadelphia Athletics at Sportsman Park in St. Louis August 22, the Browns winning 7-5. He batted in one run and made six putouts and one assist.

He got one hit in four trips to the plate August 21 in a game which the Athletics won, 8-5. He scored one run and batted in another.

Batting for Kinder against the Boston Red Sox in the seventh inning August 19, Thompson singled and scored but the Red Sox won, 9-5.

Batting for Stephens in the seventh against the New York Yankees in Cleveland August 21, Larry Doby doubled off Floyd Bevens of the Yankees.

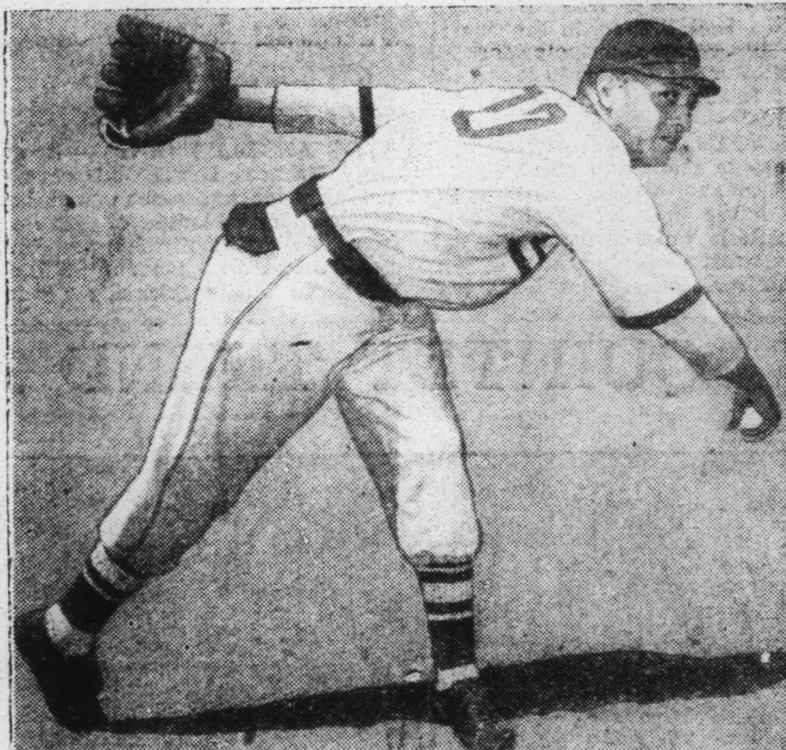

Relieving Joe Gordon at second base against the Yankees at Municipal Stadium in Cleveland August 23, Doby went hitless in two times at bat. Afield he made one assist.

Robinson's batting average thru August 24 follows:

G., 125; AB., 488; R., 105; H., 146; 2B., 26; 3B., 4; HR., 9; RBI., 38; PCT., .299.

## FUN BOWL BOWLING NOTES

By GEORGE WHITAKER

The Ladies league will open the Fall season of bowling at the Fun Bowl on Thursday, Sept. 4. The Classic League will begin play on the following night, Sept. 5. The Social League members got together on Tuesday night of this week.

The older bowling groups are stressing the business end of the coming season's program. This should place local bowling in a more prominent spot in affairs of the National Bowling Association. Word comes from the NBA headquarters that the organization will sponsor an official publication. The organ will make its appearance around the first of the year.

The Commercial League which carried eight teams during last season will carry twelve teams to the start when it opens on Sept. 8.

The new teams will be composed of employees of business and utility firms. The dry cleaning firm of Sears and Sons, the first Negro firm to enter a team in this loop; International Harvester Co.; Hotel Lincoln and a third team from the Wm. H. Block Co. rate high at the Fun Bowl in fellowship, good management and sportsmanship. With twelve teams it will represent the first full house league at the Fun Bowl.

The Mixed Foursome, a new feature of the 1947-48 season is attracting considerable attention. The teams in the Mixed Foursome will carry two men and two women, opening at an early date. There are openings for additional foursomes and these groups will bowl on Wednesday evenings. Earl Turner is handling the details of organizing the groups.

Miss Rebecca Johnson, Detroit, a participant in each of the Fun Bowl Classic Sweepstakes was a visitor on the reopening of the alley. She met local friends and bowled a few practice games. Clarence Hill, Los Angeles, former operator of the Fun Bowl luncheon stand was a visitor also. He was in the city on the occasion of his wife's funeral.

Manager of the Fun Bowl, Earl Turner announces a bi-monthly week-end tournament to get underway in the near future. William "Bill" Gooch will begin his duties of instruction this week. He has arranged to be at the alleys on Tuesdays and to Fridays, between the hours of six and eight p. m. to assist beginners, and others desiring to improve their game. Other hours may be arranged by appointment. All persons interested may contact him by calling the Fun Bowl.

## TRIO CRACKS ANTI-NEGRO POLICY TO SEE LENA HORNE

NEW YORK (ANP) — Backed up by a city cop, nationally known newsman Ted Poston, his wife, Marie, and press agent Major Robinson cracked the vicious anti-Negro patron policy of the famed Copacabana club, where movie star Lena Horne is starring nite, last week when they gained admittance.

Since Miss Horne opened at the swanky eastside bistro three weeks ago the management has been accused of barring all Negroes who sought entrance there to hear the spotlight sultry songstress. Among those said to have been denied admittance were Thelma Carpenter, popular singer, who once sang there; ork leader Noble Sissle and singer Billy Banks, both featured at Billy Rose's Diamond Horseshoe cafe; former movie actress and newspaper columnist Fredi Washington, and countless others.

After having made reservations over the telephone for the Thursday night dinner show, the Postons invited Victor Reisel and a female friend of his to be their guests at the club. The trio, however, was turned away by the New York Post, a daily, and Poston is said to be one of their reporters. Reisel and his companion arrived at the Copac ahead of their hosts and Robinson were seated at their table by one of the headwaiters there.

However, when the Postons and Robinson arrived they were informed by a uniformed "flunkie" at the door that "a mistake must have been made because his guest list didn't show their names." A cop was summoned from the corner by Robinson, who is bandleader Louis Jordan's public relations man, in accordance with the New York civil rights law, to witness the barring of patrons strictly on the basis of being Negroes.

**BROOKLYN HOST TO LENA HORNE**

By LOUIS A. JOHNS

BROOKLYN (ANP) — "Lena Horne Day" was celebrated here Aug. 21 as thousands of Brooklynites turned out to welcome back the celebrated movie queen. A momentous celebration included brief speeches by officials and the arrival dignitaries, a motorcade procession of more than 100 cars and an hour long parade.

Borough President John Cashmore, who designated Thursday as Lena Horne Home-coming day at the request of the Welcome Home committee, was on hand to welcome her when she appeared at the borough. Immediately following the ceremonies at Borough hall, Miss Horne rode at the head of a huge motorcade up Fulton st. to a reviewing stand from which she viewed the demonstration held in her honor.

Miss Horne just recently completed an engagement downtown at the famed Copacabana.

Ike Williams and Mrs. Murdo B. Richardson headed the Lena Horne Day committee. They pointed out that in accordance with Miss Horne's managers and MGM studios the celebration was entirely free of commercial profits and was strictly a community affair.

### Illinois Surprises Philly

PHILA. (IPS.) — Illinois Jacquet, tenor Sax idol of music fans, stops in Philadelphia at the Paramount Music and Radio Shoppe "to meet the people" along South Street. Jacquet autographed his latest recordings.

Recently at New York's Apollo Theatre, Illinois had the house rockin' in rhythm. The Exciting Saxophonist is shown above with the Paramount managers Roy Harris Ualdeva and bass player Al Hall. The subject of this little get-together is—as you can plainly see—Apollo Records. Good deal, McNeal.

## NIGHTLIFE IN NEW YORK

By ALVIN MOSES

### "DAWN PATROL FLICKERS"

NEW YORK (ANP) — Persistent rumors insist that DICKIE WELLS, who once was the toast of 1934 starlet parties, will be the Rascapian behind the throne when "Playboy" Martin opens in a spot where CAFE ZANZIBAR (downtown Manhattan) feted streams of gay, nightloving New Yorkers. We'll see if it runs to form, readers, and let you know.

Only an optimist to the manner born, one confirmed to putting on rose-colored glasses before attempting to face facts sanely and coolly, would call the fading 1947 theater season a howling success.

Three actors who gave (me at least) unforgettable performances were: JOSE FERRER, EVA LE GALLIENNE and INGRID BERGMAN. LeGallienne, in the American Repertory theater production HENRY VIII; Ferrer, in the revival of Rostand's CYRANO DE BERGERAC—Bergman, in Anderson's JOAN OF LORRAINE. Thus we say to schoolmarm, Ida Wheaton, Spokane, Wash., whose scholarly letter brought on this burst of artistic worship from your favorite theater porter, this is way of delivering the New York legi-

## Francis Lewis, Actress, Wins Divorce Settlement

LOS ANGELES (ANP) — Beautiful Francis Lewis, 22-year-old star of stage and screen, won her interlocutory decree of divorce from her nationally known song and dance man, husband, "Wille" Lewis, in Judge Burnell's court Monday.

Mrs. Lewis stated that her husband, whose earnings run into large sums weekly, had failed to provide for her adequately, and had spoken in an "ungentlemanly" manner to her in the presence of friends, all of which caused her mental distress.

Lewis very recently appeared at a large downtown theater with his teammate, white. He is now touring the east, and is booked into the larger theaters in practically all of the principal cities of the country. The team of Lewis and White is one of the highest paid acts of its kind in the business.

An outside property settlement was made. It is rumored that Mrs. Lewis, who is now featured in the Hollywood nite-spot, received \$6,000 in cash and attorney's fees. Mrs. Lewis was represented by Atty. Earl C. Broady.

### A TALE OF THREE PIANISTS

Even though they use the same instrument, talented pianists often differ so radically that they show virtually no kinship. Three pianists this week offer proof in as many albums by Jan. August, Lenie Tristano and Harry "The Hipster" Gibson.

August, whose specialty is powerfully played Latin rhythm, is more of a cocktail bar pianist in the Diamond album of "Piano Magic." He marries to sound like a combination of Ed. Lie Duchin and Carmen Cavallaro on such standard favorites as TEA FOR TWO, MY MELANCHOLY BABY, A PRETTY GIRL IS LIKE A MELODY, OL' MAN RIVER, MAKE BELIEVE and SOME OF THESE DAYS.

Tristano is one of the most original ivory ticklers to show in many moons. He has no fear of exploring the unknown. The results are sometimes hopelessly abstract, but all are unique. He sounds like nobody else in the Keyboard album of I SURRENDER DEAR, COOLIN' OFF WITH ULANOV, I CAN'T GET STARTED, OUT ON A LIMB, BLUE BOY and ATONE MENT.

Gibson is a booted creepin' who, although white, can hold his own with any of the boys from 47th and South Parkway, Chicago or Lenox avenue in Harlem. He's crazy as a loon, with the infectious good humor of a Fats Waller like whom he sounds vocally and now and then, on piano. There's rhythm and give to spare in the diamond album of THE WOLF SONG, THAT'S THE STUFF YOU GOTTA WATCH, BOB BOB BEER, PARTY SATURDAY NIGHT, IT AIN'T HEP and LEAVE ME! I HATE TO BE ALONE.

A fourth album revives some of Gene Krupa's best tunes. The sides, all reissues with many new collectors' items, have Roy Eldridge on trumpet and vocal plus Anita Day singing. Numbers in this Columbia collection are TUXEDO JUNCTION, BOOGIE BLUES, DRUM BOOGIE, LEA LE, IT'S LIPAP, LET ME OFF UPTOWN, DRUMMIN' MAN, THAT'S WHAT YOU THINK and KNOCK ME A KISS.

### SINGLE STUFF

Capitol got some of the best men available to back Julia Lee on I WAS WRONG, a slow blues with strong solos by Vic Dickenson, Benny Carter and Red Norvo. A smaller group backs her on the flip-over, SNATCH AND GRAB IT, with explosive lyrics. Mel Henke's piano, backed by the Honeydewers vocal group, gets new effects on the Vitacoustic of IN A MIST and HONKY TONK TRAIN BLUES, the latter too mechanical and with an atrocious ending. Tommy Dorsey's Victor of THE OLD PIANO TUNER and JUST AN OLD LOVE OF MINE is slow and strictly commercial.

Charlie Shavers, Coleman Hawkins and Teddy Wilson turn on the neat in the Keynote of MY MAN, in which Shavers blows muted trumpet, and the stomping EL SALON DE GUTBUCKET built around a simple riff but marvelous by played. Stan Kenton's ultra modern powerhouse cuts loose in the Capitol of MINOR RIFFS in

which Musso's tenor is the star, and the humorous DOWN-IN CHIHUAHUA with Safrenski's bass leading the way. Leonard Feather has good men, including Pete Brown on alto, and a fine blues singer named Clyde Bernhardt on the Muscraft of BLUES WITHOUT BOOZE and BLUES BEHIND BARS. Weak spot, as usual, are Feather's lyrics which miss the real blues feeling.

Count Basie has a precision swing treatment on Victor of SOUTH that contrasts mightily with the loose fire of the old Benjie Moten version. The plattermate, I'M DROWNIN' IN YOUR DEEP BLUE EYES, is commercial and unimpressive. The Basin Street Boys, backed by Lucky Thompson, cut loose a stiff string of five talk on the smoking Exclusive of SATCHEL, MOUTH BABY, paired with the lazy SUMMERTIME GAL. Ernie Flince Quintet dishes out chamber jazz with accordion, clarinet, bass, drums, and guitar on the smartly played Capitol of STUMBLING and O SOLE MIO. A far more exciting group is the Vivian Garry Quintet, very modern with a strong beat and a fine hot violin that does I'M IN THE MOOD FOR LOVE and OPERATION MOP on Victor.

Buddy Baker backs to fine singers on a pair of Exclusives. Herb Jeffries has a torch pair with violins and Les Robinson's Hodges-like also called YOU GAVE ME EVERYTHING BUT LOVE and ANGEL EYES. Frances Wayne, who thrushes with deep feeling, warbles JANUARY WOMAN and HAPPINESS IS A THING CALLED JOE. A priceless satire on corn comes from Johnny Mercer and the Pied Pipers on the Capitol of SUGAR BLUES, which must be heard to be believed. Pairing is WHY SHOULD I CRY OVER YOU.

The Delta Rhythm Boys are slow and harmonious on the Victor of EVERY SO OFTEN and COME IN OUT OF THE RAIN.

Coleman Hawkins, Herman Chittison, Joe Thomas and Jack Teagarden are the backbone of George Wettling's New Yorkers who have two strong 12 inch Keynotes. "Mr. T" has seldom played better than on SOMEBODY LOVES ME, and few other than the Hawk could follow without being hopelessly carved. Jack sings on the other side, YOU BROUGHT A NEW KIND OF LOVE TO ME. The second disc pair HOME and TOO MARVELOUS FOR WORDS with Joe Thomas' trumpet and Hank D'Amico's clarinet getting off. Another 12 inch Keynote features Pete Brown's Quintet with Ken Kersey, the lightning pianist. Numbers are IT ALL DEPENDS ON YOU and I MAY BE WRONG, with Brown's alto setting some of the queerest songs you ever heard. That's sound advice offered by Geechie Smith on the bouncing Capitol of AND I WANTS TO THANK YA backed by the strong rocking blues shouted in a minor key, WILD MILD and MELLOW.

# Roy Milton's Ork at Sunset Dancery Sept. 7th

The Cetling and Wilson Show opening Friday at the Indiana State Fair at the Fairgrounds can use several young girls and four musicians, namely: piano player and sax man at good salary for its show, Harlem Hit Parade. See Jimmy Edwards at the Cetling and Wilson show for time of rehearsals.

THE INDIANAPOLIS NEGRO PRESS CLUB is sponsoring a train excursion to Cincinnati Sunday, September 14 for the Brooklyn vs. Cincy Reds baseball game. This is positively your last chance to see Jackie Robinson in action during the season in the Ohio city. Train tickets and tickets to the game are now on sale at The Indianapolis Recorder. THE RECORDER carriers' picnic held Monday at Bidwells Farm was a big success until the "RAINS CAME". Nine streamline buses were used to transport the children to the picnic grounds.

**NOTE TO THE STREET DEPARTMENT:** A young lady with a baby in her arms fell off the high sidewalk at Missouri and the Avenue at the Canal. Lucky for the lady, her baby escaped injury, which was a miracle. Hardly a week passes that some grown-up doesn't fall off this high step-off, and we are of the opinion that something should be done about it and soon. If this high step-off was in a white neighborhood something would have been done about it long ago. We hope the proper authorities will look into the situation and see that something is done about it real soon.

**CHARLES (fashio-plate) SEYMOUR**, the boy with the pretty suits and streamline Olds, is creatin' quite a furore along the main stem these days, and all because the fella is safe with his mazuma, which is practically a gift, and is only buying the things he likes and has money enough to buy. The fella really does have some lovely togs of the high price variety. This in itself is enough to arouse a little jealousy among the boys who don't play it safe, or whose money comes the hard way. The boy has had three beautiful cars in the past 15 months and is still driving a fine number after making some extra dough through sales of his other cars.

**CHARLES (KAT) EDWARDS** of the Playhouse, Herb Davis of juke box fame and Pat (tavern owner) Riley were buying drinks for the gang Monday a. m. at Pat's Place. . . **MOVING DAY.** New tenants were moving into the new apartments in the 500 block, Tuesday. It's a good deal for a lotta folk. . . Dizzy Gillespie and his orchestra will play a dance date at the Sunset Labor Day nite. Advance tickets are now selling at \$1.25. Friend Buddy Bryant is presenting some very classy shows nite at the Sky Club.

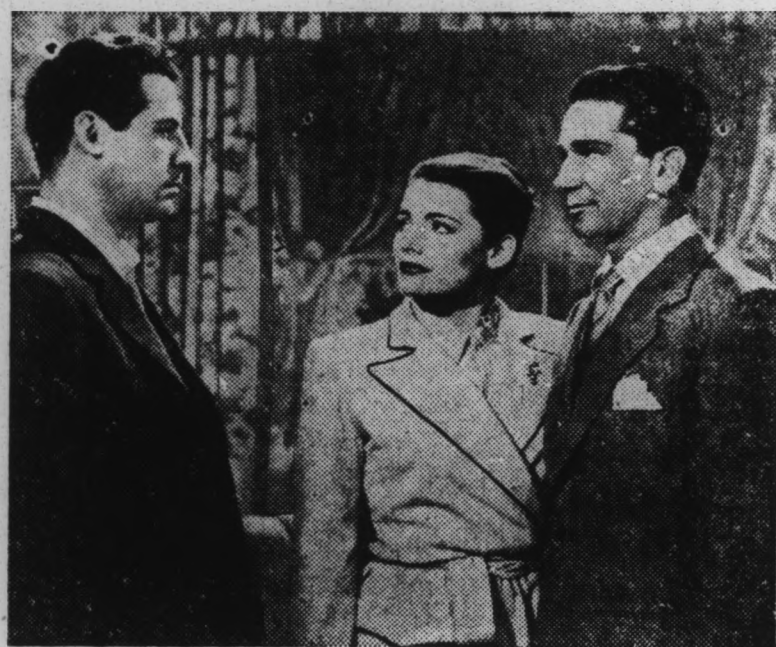

**J. LOUIS JOHNSON** writes in from sunny California to say hello, and wants his many friends to know that The Indiana Club is doing fine. His present address is 806 E. 27th st., Los Angeles, California. Frank J. LaStaff, who formerly worked on this sheet, and presently working for Uncle Sam, is now living at the Y in Chicago, sends regards to all local friends. Henry Vance's new streamline tavern will open soon in the 400 block. Ditto for the remodeled Avenue theater.

**SEEN AT THE RECORDER BENEFIT** ball game two Sundays back were: Mr. and Mrs. Robert Sneed, Mr. and Mrs. Eddie Robinson, Mr. and Mrs. Eddie Hammonds, Mr. and Mrs. Hardy, Mr. and Mrs. Roy Miller, John Pope, Mr. and Mrs. Taylor Seaths and daughter, Denver Ferguson, Mr. and Mrs. Edward Bailey, Mr. and Mrs. Leeland Bailey, Cyrus Graham, Marcus C. Stewart and sons, and Mr. and Mrs. Smith Irvin. We failed to see a lotta fans who generally make all Clowns' games. You fellas missed a wonderful opportunity to do your share for a worthy cause.

**MISS ZENOBIA FISHER** of Camp Street wrote a very timely letter to The Recorder recently. The letter told in detail the many strange things happening in that vicinity and the inability of the police to catch a certain Peeping Tom, and other prowlers who have been causing a lotta trouble to residents. Some time ago this writer charged that what was needed more than anything else in Negro districts was more walking patrolmen. Some time back, after receiving so many reports of women being molested, we walked the Avenue to Blake and over to Michigan, then through Bright to Indiana and never saw a police car until we got back to the 500 block, where we saw two. It seems to us that too much attention is being paid to spots on the Avenue and too little to dark streets in our neighborhoods. How about it, Chief? Since we couldn't or didn't get ANOTHER UNIFORMED SERGEANT, how about more and better police protection while we sleep or while walking dark streets to our homes?

**PATROLMEN JACK DURHAM** presently earning his pay as a traffic man over at Sears-Roebuck. It looks from here like you'll need a two-cent stamp to reach brother Durham if they move him any farther north. Friend Beau Jack of the Midway tavern is dolling the spot up in a great big way. The Avenue business men are really going to town in the way of fixin' up their bizz places. Lockefield tenants could help themselves in a big way by starting a cooperative to build their own housing project. This goes double for our churches. It would be a good deal if all of our churches would build homes for their members, it would at least be another incentive for more people to join. What better place to start a savings society, cooperative or group insurance plan, than in the church. Why shouldn't the church look out for its members in their old age. At least this should start people to thinkin'.

**WALT'S MARKET** at 1053 So. West street used the following caption at the top of their ad which appeared in The Star on Friday, August 15: **WALT HAS THE MELONS** — "Yas Suh, Boss" — "Dey Sho is Sweet" — In the center of the above two quotes was a picture of a very black individual with large white mouth and eyes and holding an extra large slice of watermelon in his hands. To say the advertisement was revolting, would be putting it mildly. It was the most insulting piece of advertising copy we have seen in many years. We dare say such an ad would more than likely find its way to the waste basket in some parts of Mississippi and Georgia.

**JOHN HODIAK** confronts **Nancy Guild** and **Richard Conte** in a dramatic moment from "Somewhere in the Night", due for showing Tuesday at the Park. The Park is the first picture house to show your favorite characters in one circus of cartoons plus, "Lucky Gamblers", all-Negro pix.

## 'Somewhere in the Night' At Park Tuesday

The army, in its time, has done many queer things. But it is doubtful whether it ever demoted a man from major to corporal and then transferred him to the Marine Corps. 20th Century-Fox is not the army, but it performed this rather intricate maneuver on John Hodiak, currently starring with Nancy Guild in "Somewhere in the Night", which opens TUESDAY at the PARK theater.

## HARLEM HIT PARADE' NEEDS GIRLS FOR SHOW AT STATE FAIR

One of the fastest stepping road shows to hit Naptown in many moons is the "Harlem Hit Parade," direct from New York City, and due to open Friday at the Indiana State Fair, can use several young girls and musicians, according to Jimmy Edwards, manager of the show. For further information, contact Mr. Edwards at the Fairgrounds or "The Saint" at The Indianapolis Recorder. —YOU MUST REGISTER TO VOTE—

## GOSSIP OF THE MOVIE LOT

**HOLLYWOOD (ANP)**—First of all, public thanks to Pat Somerset, that member of "The powers that be" of Screen Actors guild who holds the life or death authority over your membership in the valuable union. Leniently he permitted my reinstatement as an actor without having to go through all the red tape plus \$10 rejoining fee, and a letter from three important movie figures verifying the fact that the applicant is "saddly needed in such and such a picture." Now I won't have to endure the stiff formality of being escorted to certain sets as a newsman, but while working on a lot, I can as before, ramble here, there, and everywhere, writing from the inside out. I'll stick in the Guild this time, so you'll be reading my name too in lights when I grow up someday maybe.

## MISTAKE, NOT "METRO-GOLDWYN," IT'S SAM GOLDWYN

For the life of me I don't know how it happened, unless the word "Goldwyn" got shuffled in the press rooms, but the new picture in which both Louie Armstrong and Lione Hampton are working, was published in some papers as "That's Music," by Metro-Goldwyn Mayer. To the contrary it is . . . "That's Life," now in its 55th day by Sam Goldwyn Productions on the United Artists lot. The only pictures shooting at MGM, now that Frank Sinatra's "Kissin' Bandit" finished last week, are Esther Williams' "On an Island With You", Robert Taylor's "The High Wall", and Van Johnson's "Virtuous". John Buddy Williams, well known local comedian, is stand-in or double for Louie, and large numbers of other sepians have worked in several cabaret sequences as guests, etc.

**MARIE BRYANT**, famous as a dancer, has finished her recordings of the title song, "Your Red Wagon", for Cathy O'Donnell's new film on the RKO lot. Other sepians in bit roles include Helen Crozier, who just finished "Zerkine" in "Foxes of Harrow", Chester Jones, well-known singer, and Milton (Romeo) Shockley, well-known veteran of the early talkies.

**DIZZY GILLESPIE**, who currently is at CLUB DOWNBEAT with his band, has an RCA Victor jazz album that should be on each music-lover's shelf I believe. His rebop rhythms are truly sensational as are "Night in Tunisia", "Anthropology", "52nd St. Theme" and "Ol' Man Rebo". Go out and buy it on my personal recommendation, it needs no pressure-salesmanship of any sort, believe me. **WILLIAM FRANKLIN** and **GEORGE SCOTT**, first two Negro artists to be heard in a joint recital on a New York concert stage (Times hall), should come back to crowded houses this fall.

## "Angelandthe Badman" Sunday at Walker

An exciting romance comes to the WALKER theater SUNDAY with the opening of John Wayne's first starring-producing picture for Republic, "Angel and the Badman", in which Gail Russell shares top billing.

The screen play, which is reported to be packed with suspense, adventure and stirring romance, is set against a background of the spectacularly scenic desert country of western America. It is the story of a revenge-seeking Westerner who is taught a new kind of courage by a Quaker girl.

This is an intensely dramatic role for Wayne, who has proven his ability in outdoor films of every variety. His co-star, the lovely Gail Russell, has been seen in top roles in many Hollywood productions, and seems an excellent choice for the Quaker girl.

## JORDAN TOUR ON MAESTRO IN TEX.

**NEW YORK (ANP)**—Denying rumors that he had canceled his annual southern tour of one-nighters, bandleader, singer and composer **Louis Jordan** said early this week that he will begin his engagements with his band in Dallas Saturday night at the Yacht club.

Spiking the reports which came about last Friday when he was rushed to Edgewood sanitarium here for a minor operation, Jordan was assured by his personal physician, Dr. Walter Merrick, that he would be able to quit the hospital Monday. Dr. Merrick also told reporters that the famed maestro would suffer no ill effects by resuming his work so soon.

Talking to reporters as he thumbed through the hundreds of "get well" messages and telegrams from his fans, Jordan told them that he was very anxious to begin the tour, which was due to have started Aug. 15 in Wheeling, W. Va. "Although one-nighters are the toughest part of a bandleader's life, I enjoy them tremendously," he added.

## In Memoriam

GEORGE PHELDON STEWART

In loving remembrance of our beloved husband, father and grandfather, George P. Stewart, who departed this life 22 years ago, August 28, 1924. Time flies! But fondly we recall your every word and deed; they form a rosary of dreams, but still 'tis you we need. We had so much happiness, of laughter and of joy. And memory is one gift of God that death cannot destroy. You were never one to question God's wisdom from on high. So he merely had to beckon. And you left without good-bye. In spirit still you're with us. Till the time when you above you will be reunited. With the ones you dearly love. Sadly missed by  
Fannie C. Stewart, Wife,  
Children and Grandchildren.

William Donaldson, Jr., Son

LEE—In loving memory of our mother, Florence Lee, who slipped away two years ago September 1, 1945.

It may appear the wound has healed, but no one knows the sorrow that lies in our hearts concealed. The call was sudden, the shock severe.

We little thought such grief was near. Sadly missed by,

Daughter and son-in-law.

WOODS—In loving memory of our mother, E. Woods, who passed away one year ago August 31, 1946. What would I give to clasp his hand.

His happy face to see. To hear his voice and see his smile. That meant so much to me.

## RENT STRIKE PREVENTED IN ST. LOUIS AREA

ST. LOUIS (ANP)—A near rent strike of 106 veterans against alleged exorbitant rents and unsanitary housing conditions was averted last week by promises of a review of rents and better maintenance facilities. The veterans, who live in converted Quonset huts in three city projects, had scheduled a refusal to pay rents and to resist eviction until city officials and the housing authority would consider their problems.

St. Louis Housing authority, along with Charles J. Dolan, associate city counselor, attended a meeting of 40 of the veterans to explain the administration of the projects and to answer specific complaints and grievances.

The present minimum is \$25 a month; the maximum, \$34.50. The veterans maintain that the majority pay the maximum instead of the 20 percent of their regular income which the law requires in housing projects, federally-financed.

Butler promised that rents would be at the 20 percent level next month. He also promised to investigate complaints of inadequate drainage, infrequent waste and garbage collections, lack of home repairs and rat-stoppage.

## GEN. J. C. H. LEE, FRIEND OF NEGRO TROOPS, TARGET OF HIS FOES

WASHINGTON, D. C. (ANP)—One of the few high-ranking U. S. generals to openly advocate equality of treatment for Negro troops during the recent war became last week the target of national criticism over conditions of his European command.

Speculation is rife whether the attack on Lt. Gen. John C. H. Lee, commander of the U. S. Army's Mediterranean Theater of Operations, comes from enemies he won when he daringly advocated mixed combat units, which resulted in white and Negro troops fighting gallantly together during the latter stages of the battle of Europe, and by his continuous insistence upon a fair deal for Negro GIs.

A series of articles, written by Robert C. Ruark, a Scripps-Howard staff writer, charged Lt. Gen. Lee's style of living in Leghorn,

Italy, was a drain on the taxpayer, then cited the general's private train, his C-47 plane, his two heavy automobiles and his trailer. Lt. Gen. Lee accounted for these luxuries as no more than other theater commanders, revealed that he often spent his own money for required entertainment of army officers and foreign or U. S. government officials. He branded the articles as "an injustice to his command" and "a disservice to the United States."

Lt. Gen. Lee's open action against the perpetuation of a Jim-crow army may be responsible for enemies seeking ways to injure his military career, observers here said last week, after reading Ruark's articles about him. He represented a minority opinion among top-ranking army officers about the

part Negro troops should play in World War II.

He spoke in behalf of Negro GIs and favored integrating them into white combat units. He was among the few top officers to shower praise on the Negro soldier, and expressed delight when his mixed units halted the counter-attacking Nazis in the battle of Germany.

Top military officers, like high public officials who advocate equality of treatment for Negroes, have frequently been indirectly attacked for opposing the racial status quo, although the attacks are supposed to be about an entirely different matter. Before he died, Gen. George F. Patton, Jr., became unpopular among several fellow officers for treating his white and Negro troops alike. Vicious news stories were printed about him.

**MAGAZINE HINTS OF UNDERCOVER KKK AGENT**  
CHICAGO (ANP)—A series of items in the "Ticker Tape" feature of the September issue of Negro Digest leads some observers to hint that the monthly publication has an undercover operative who is actually a member of the infamous Ku Klux Klan.

Items carried in the current issue under the heading KKK KOM-MUNIQUE and not covered elsewhere in the nation's press are: "The sheeters are airborne now. They have been dropping literature over Washington by plane. Bill Mauldin's cartoons notwithstanding. Klansmen don't really wear sheets. Matter of fact they lay out \$15 for corded robes, crested with insignia, and cheese-clothed hoods. Money goes to a Georgia cotton mill, which gets \$11.02 profit on each robe. New York customer can duplicate outfit for \$3.98."

## NEW CHICAGO RADIO STATION PROJECTED

CHICAGO (ANP)—A red-letter day in Negro radio came Aug. 15 when Dr. Clifford F. Kyle, well-known commentator, minister and teacher, signed a contract with Binter Associates, Inc., for the proposed construction of the world's first all-Negro owned and operated radio station. Dr. Kyle with Everett Wadsworth, publicity director, traveled to Toledo, O., to sign the contract.

The radio station, which has its offices in Chicago, will be known as WVON, "The Voice of the Negro." The 1,000 watt station will operate 18 hours daily with a full coverage of music, news, sports, variety programs, lectures, recordings and transcriptions. It will serve over three million Chicago listeners including the 450,000 southside population. Towers will be erected in Robbins, Ill., a fast-growing Negro suburban community.

"This is a business enterprise, owned and operated solely by Negroes," Dr. Kyle said, "however, the policy of service and entertainment will be most liberal to all groups and not a segregated Jim-crow setup." He added that following the establishment of WVON in the heart of Chicago's southside a network of Negro-owned stations will be placed in key cities throughout the country.
